A quorum was present.

Staff and others present: Eric Johnson, Bridget Lockling, Mellani McAleenan, Jaime Bodden, Lynn Fiorillo-Lowe, Chris Goodwin, David Hackett, Paul Jewell, Paul Lawrence, Mitch Netzer, Juliana Roe, Brianne Steere, Jessica Strozeski, and Axel Swanson.

Other Attendees: Mac Nicholson

Call to Order and Approval of Agenda: The meeting was called to order at 1:05 p.m. It was moved by David Sauter, seconded by Chris Branch, to approve the agenda as proposed. The motion passed.

Approval of Minutes of the previous meetings: A motion was made by Chris Seubert and seconded by Michael Largent to approve the minutes as drafted. The motion was carried to approve the minutes of the November 16, 2021, WSAC Board of Directors Regular Meeting. The motion passed.

It was moved by Charlotte Garrido and seconded by Wes McCart to approve the September 16, 2021 minutes as drafted. The motion passed. A motion was made by Vicki Raines and seconded by Chris Branch to approve the October 8, 2021, WSAC Board of Directors Regular meeting as outlined. The motion passed.

President’s Report: President Stephens reported on his attendance at the NCCAE Presidents and Executives Meeting in January in Washington, DC. Commissioner Michael Largent and Eric Johnson joined him.

WSAC Business Actions

The Board announced an EXECUTIVE SESSION in compliance with RCW 42.30. 110(1)(i), to discuss current and potential litigation at 1:13 p.m. for forty-five minutes. WSAC’s legal counsel, Paul Lawrence, was present and provided updates. No decisions were made. The EXECUTIVE SESSION concluded at 2:00 p.m.

Mellani McAleenan updated the members on the current Amicus Brief requests (report included in board packet) that WSAC is involved.

WSAC Conflict of Interest Policy Review: Bridget presented the background and content on WSAC’s Conflict of Interest Policy.

Resolution #2022-01: A motion was made by Wes McCart and seconded by Scott Hutsell to approve Resolution #2022-01, which certifies that the WSAC Board of Directors is entitled to vote in accordance with the Association Bylaws, and Alternate Directors acting on behalf of a Director have a duty to promptly disclose any direct or indirect financial or other material interest that he or she has or reasonably expects to have in any proposed or existing arrangement with WSAC; and WSAC has a duty to inform Directors and Alternates that the Conflict of Interest Policy exists. The motion passed.

Appointment of Audit, Investment and Finance Committee: Bridget presented the members with the new appointments for the Audit, Investment and Finance Committee recommended by President Stephens.
Resolution #2022-02: A motion was made by Will McKay and seconded by Dennis Weber to approve Resolution #2022-02, which supports the nominations of Amanda McKinney and Randy Johnson to the Audit, Investment and Finance Committee. The motion passed.

Statewide Boards and Commissions: Jessica Strozewski presented the State Boards and Commissions positions up for approval.

Resolution #2022-03: A vacant position on the Capital Projects Advisory Review Board. Erik Martin, Lewis County Manager, and Matt Zarecor, Spokane County Engineer, seek the nomination. A motion was made by Scott Hutsell and seconded by Tye Menser to approve Resolution #2022-03 and transmit Erik Martin’s name to the Capital Projects Advisory Review Board. The motion passed.

Resolution #2022-04: A motion was made by Vickie Raines, seconded by David Sauter, to approve Resolution #2022-04 and nominate Janet St. Clair, Island County Commissioner, to fill a vacancy on the Washington Community Forestry Council. The motion was carried, and her name will be transmitted to the Commissioner of Public Lands and State Forester.

Resolution #2022-05: A motion was made by Wes McCart and seconded by Vickie Raines to approve Resolution #2022-05 to accept the nominations of Ryan Mello, Kevin Shutty, and Cindy Wolf, to fill the vacancy on the Ecosystem Coordination Board. The motion passed, and names will be submitted to the Puget Sound Partnership Leadership Council.

Resolution #2022-06: The Public Defense Advisory Committee has a vacant position. Tye Menser, Thurston County Commissioner volunteered and submitted his name to fill that vacancy. A motion was made by Scott Hutsell, seconded by Art Swannack, to fill that opening. The motion passed unanimously.

Strategic Plan Implementation: Eric Johnson gave a brief overview of the Strategic Plan Implementation addressed at the May 2021 Board meeting in Spokane. Quarterly reports will be provided.

Reports

Member Reports & Staff Reports: Member and staff reports were made available in the board packet.

Closing

Next Meeting: The next meeting of the Board of Directors will be on Wednesday, May 11, 2022.

Adjourn: There being no further business, President Jamie Stephens adjourned the meeting at 4:44 p.m.

Respectfully submitted:

Jamie Stephens, WSAC President

Lisa Janicki, WSAC Second Vice President
ACTIVE LITIGATION

Blake Decision
On October 3, 2021, WSAC formally joined 21 Counties as a co-plaintiff against the State to establish that the State is solely responsible for all costs associated with the Blake Decision, including the cost of vacation resentencing and for all Legal Financial Obligation LFO refunds. The desired outcome is a declaration from the Court that the State is required to indemnify counties for all Blake expenses, including all LFO refunds and the administrative costs to implement this Washington State Supreme Court decision (judicial, clerk, prosecutor, public defense, administration, and operations) that counties will incur in implementing the Blake Decision. Negotiations are occurring with the AG, and legislation was introduced to establish a program for reimbursement to counties and individuals who paid LFOs. Appropriations made by the legislature are expected to cover county expenditures for FY 21-23 Biennium.

While WSAC is not a party to the "Civil Survival Project" litigation (100331-5 - Civil Survival Project et al. v. State of Washington et al.), the Washington State Supreme Court denied direct review of the King County Superior Court's decision to dismiss the CSP class action and instead sent the case down to Division One Court of Appeals. This is the relief that Counties sought in opposing direct review. The Court of Appeals is fully bound by Doe v. Fife and the recent Williams case, so there appears to be little risk of reversal. This is a good indication that the Supreme Court is satisfied with how things are going and does not feel a burning need to resurrect CSP's lawsuit or wade into Blake's compliance issues. By the time this issue proceeds through the Court of Appeals and gets back to the Supreme Court, our work on implementing the Blake Decision will be further along with better data and information.

AUTHORIZED LITIGATION

Indigent Defense
Potential legal action regarding the State's constitutional duty to provide trial court indigent defense funding.
- Pacifica Law Group conducted research and analysis regarding potential and likely claims – statutory and constitutional.
- WSAC filed Amicus Brief on a case that asks if the State of Washington or the Washington State Office of Public Defense has an actionable duty to cure claimed systemic and significant deficiencies in a county's indigent defense services to juveniles charged with criminal offenses. (Davison v. State of Washington and Washington State Office of Public Defense Supreme Court, No. 96766-1)
  - In 2017, the plaintiff, supported by the ACLU, sued the State, alleging that Grays Harbor County systemically failed to provide a constitutionally adequate indigent juvenile defense. Grays Harbor County was not named as a party to the suit. Davison asked the Thurston County Superior Court to declare that the State and OPD have a duty to act when they become aware of a systemic failure by a county to provide a constitutionally adequate indigent juvenile defense.
  - The trial court ruled that the State has a duty to act if it knows of a county's systemic failure to provide constitutionally adequate indigent juvenile defense, without regard to whether the County could more appropriately remedy the problem itself.
  - The State filed a motion for direct review to the Supreme Court on January 28, 2019, and the Court accepted review.
  - Formal request by the Grays Harbor Board of County Commissioners for WSAC to submit an Amicus Curiae Brief.
  - The WSAC Executive Committee approved amicus involvement on April 7, 2019.
  - The Pacific Law Group, on behalf of WSAC, submitted Amicus Curiae Brief on September 27, 2019:

WSAC Board of Directors Meeting
Litigation Update, May 2022
- State of Washington has an **Affirmative Constitutional Duty** to assure adequacy of Indigent Defense.
- Who (State or County) has the responsibility to fund indigent defense is not properly before the Court and should not be ruled upon.
  - On November 12, 2019, oral arguments before the Washington State Supreme Court.
  - The Washington Supreme Court confirmed that the State ultimately bears the duty to provide indigent defense services as required under the U.S. and Washington Constitutions. While the State has the discretion to delegate to local governments responsible for providing these services, in so doing, the State must provide local governments with the authority and means necessary to furnish constitutionally adequate indigent defense. The Court remanded for consideration whether the systemic and structural deficiencies in the current state system, as alleged by the plaintiffs and described in WSAC's amicus brief, violate the State's constitutional duties.
    - Plaintiff sought Supreme Court Re-Consideration.
    - WSAC prepared Amicus Brief to support Re-Consideration.
    - Supreme Court asked the State to respond to the request for reconsideration (9/1/2020).
    - Supreme Court denied reconsideration on 10/20/2020.
- Reviewing potential concurrent or subsequent legal actions.
- WSAC initiated work on data gathering associated with indigent defense and county expenditures, systems of delivery, county revenues and expenditures, etc.
- WSAC staff will reach out to secure contact points for each County regarding this potential litigation as necessary.
- WSAC staff established a data/information steering committee with county budget and policy staff.
- WSAC contractor established indigent defense data set and dashboard for Counsel to refer to.
- WSAC explores/identifies potential co-plaintiffs as part of potential litigation, including individual counties.
- WSAC Counsel is working on an indigent defense complaint.
- WSAC is doing a political and environmental scan on filing complaints – and timing.
- WSAC will need to consider intervening in Davison v. State of Washington and Washington State Office of Public Defense Supreme Court, No. 96766-1 on remand in Thurston County Superior Court should it proceed.
- WSAC Legal Committee and Legislative Steering Committee both recommend the following to the WSAC Board of Directors:
  - There are merits and reasonable grounds to support a legal challenge to require the State to fund constitutionally required trial court indigent defense services fully; and
  - The WSAC Legislative Steering Committee and the Board of Directors should consider, respectively, recommending and authorizing a legal challenge to require the State to fully fund constitutionally required trial court indigent defense services.
- On May 5, 2021, the WSAC Board of Directors authorized a legal challenge to require the State to fully fund constitutionally required trial court indigent defense services.
- WSAC and Pacifica Law Group are identifying and meeting with potential Co-Plaintiffs (Individual Counties, Groups, Organizations, Associations, Individuals)
- We are updating data and information.
- WSAC is working with an expert on public defense to provide context to the lawsuit from a state and national perspective.
- Identifying potential "budget" coordinators to aid in the litigation. In discussion with the potential contractor.
- Kitsap, Lincoln, and Yakima counties have joined as co-plaintiffs.
CLOSED LITIGATION

Unfunded Mandate – WSAC, Snohomish County, Kittitas County, Whitman County v. the State of Washington

This case challenges Senate Bill 5472 (Ballot Drop Box Bill) as a violation of RCW 43.135.060, Prohibition of new or expanded programs without full reimbursement.

- Legal action authorized by WSAC Board of Directors, November 13, 2018.
- Regular and ongoing briefings with the Washington State Association of County Auditors (WSACA), Washington Association of County Officials, and Washington Association of Prosecuting Attorneys (WAPA) on potential and pending litigation.
- Gary Rowe (WSAC Contractor) worked with County Auditors/Election Managers from all 39 counties regarding Ballot DropBox installation costs, operation costs, and claims filed. They cross-checked with data from the Secretary of State’s Office.
- February 2019. Facilitated meeting with WSAC and WSACA leadership to discuss pending litigation. Briefed WSACA members during the 2019 session.
- WSAC Board/LSC briefed on May 8, 2019, regarding litigation options.
- Updated WSACA on June 10, 2019, and October 2, 2019.
- Complaint reviewed by selected County Auditors and Prosecuting Attorneys for feedback and comment
- Snohomish County, Whitman County, and Kittitas County joined WSAC as co-plaintiffs.
- Highlighted claims made by other counties for unfunded mandate/ballot drop box expenses and denied by the State. Association will attempt to secure payment on behalf of those counties through standing in the case.
- A complaint was filed in King County Superior Court on December 11, 2019.
- State response received.
- Counsel and State are communicating on response, briefing schedule, discovery requirements, association standing, etc.
- Updated WACO Board of Trustees, March 5, 2020.
- Working on Schedule for Discovery/Trial – WSAC and State confirm financial/budget/expenditure information.
- Data gathering/fact-checking on County costs and claims information and data.
- Determining the effect of HB 2421 - Concerning state reimbursement of election costs on the case. This will likely be the subject of the first court hearing.
- WSAC (Pacifica) submitted on August 14, Motion for Partial Summary Judgment, declarations, and other materials.
- Pacifica updates claims and expenditures on Ballot Drop Box Installation and Operating Costs required by HB2421.
- King County Superior Court Judge Nelson K. H. Lee heard oral arguments on October 2, 2020.
- On October 14, 2020, Judge Lee ruled in a Partial Summary Judgement that SB 5472, which mandated County Auditors to significantly increase the number of ballot drop boxes statewide at an estimated capital cost of over one million dollars plus yearly operating and maintenance costs, "is an unfunded mandate pursuant to RCW 43.135.060."
- Case schedule amended for remaining issues to be settled in King County Superior Court on April 19, 2021.
- The State sought discovery. Co-Plaintiff counties and counties who submitted claims included in our litigation have to produce information and provide responses.
- WSAC is reminding other counties to continue to submit claims for ballot box installation and operations to the State.

Litigation Update, May 2022
• The State appealed Summary Judgement directly to the State Supreme Court. WSAC's brief opposed proceeding to the State Supreme Court but articulated the issues to consider if the Court accepted.
• On January 29, 2021, the Washington State Supreme Court granted the State's motion for discretionary review and retained the case for a decision on the merits.
• The State sought a brief delay in the court schedule, with Supreme Court oral arguments now set for November 16, 2021
• On January 27, 2022, the Washington Supreme Court found in favor of the State:
  o RCW 29A.04.430 was the controlling statute for election cost reimbursement and not the unfunded mandate statute 43.135.060.
  o Counties are entitled to reimbursement only for the State's proportional share of costs.
  o The 2020 legislative amendments to RCW 29A.04.430 do not violate Article II, Section 37.
  o Counties do not have a vested right to full reimbursement (even though costs were incurred)
  o The case is remanded to King County Superior Court for further proceedings.

This case challenged the constitutionality of Senate House Bill 2887 (2018), requiring Spokane County to elect a five-member, by district, Board of County Commissioners. WSAC alleged that this legislation violated the uniformity clause of Article XI of the Washington State Constitution and created a precedent for the legislature to impose different requirements on different counties.
• Legal action authorized by WSAC Board of Directors, November 13, 2018.
• Attorney General Ferguson declined our request to "Investigate and Institute Legal Proceedings on the Unconstitutionality of Senate House Bill 2887".

section 5, the legislature may classify counties by population for any purpose that does not violate other constitutional provisions. SHB 2887 is a general law that properly implements district-only elections for noncharter counties of a certain size.

Attorney General Opinion – Appointment to Vacant State Legislative Position

- Pacifica Law Group developed an analysis of AGO Opinion 1985-01 (as well as other AGOs spanning a period of 1965-1987), which opines that a sitting county commissioner (council member) cannot be appointed to a vacancy in the legislature.
- Pacifica Law Group analysis found that "under the Washington State Constitution and state law, a sitting county commissioner or councilmember should be eligible to be appointed to a vacant state legislative position."
- February 22, 2019 – WSAC Legal Committee reviewed the Pacifica Law Group's legal analysis and agreed to reach out to Skagit County Prosecuting Attorney Rich Wyrich, asking him to seek a new AGO on the issue.
- Both San Juan County Prosecuting Attorney Randy Gaylord and Whatcom County Prosecuting Attorney Eric Richey sought an AGO in April 2019.
- Pacifica updated the original analysis and provided it to the Office of the Attorney General on behalf of WSAC.
- AGO issued an opinion consistent with WSAC position - https://wsac.org/ago-rules-on-county-appointment-procedures/

Washington State Auditor's Office - .09 Rural Economic Development Uses

RCW 82.14.370 authorizes "rural" counties to impose a sales and use tax up to 0.09 percent for specific purposes, provided certain statutory criteria. WSAC (Pacifica) prepared an opinion on behalf of Benton County, Washington State Association of Counties, and Washington Public Ports Association (WPPA), to address concerns raised by the State Auditor’s Office (SAO) regarding county distribution of revenues received under RCW 82.14.370 directly to port districts to (1) finance certain port facilities and/or (2) finance certain port district personnel.

The SAO believes counties may be barred from directly distributing revenues collected under RCW 82.14.370 to port districts for qualifying projects. Specifically, the SAO contends:

Under RCW 82.14.370, Counties can use these monies to finance public facilities serving economic development purposes; however, we don’t see where transferring the money directly to the ports is an allowable use. Ports do not have the authority to collect these types of tax revenues and therefore are unable to receive the funds directly; however, the County is able to finance the projects as described in the RCW.

WSAC put forth a legal analysis based on the plain language of the statute, its legislative history, the Attorney General Opinions, prior SAO treatment of direct funding schemes under the statute, and actual county practice -- direct county distribution to port districts for port facilities and personnel that otherwise meet the statutory criteria for funding is permissible under RCW 82.14.370.
AMICUS UPDATE – Cases pending or decided in 2020-2022
April 12, 2022

CASES PENDING

1) **Conservation Northwest v. Commissioner Franz**
   - **Supreme Court, No. 99183-9**

   **Issue**
   Conservation Northwest is seeking a decision from the Washington Supreme Court that would require Washington’s federally granted lands to be managed for the public as a whole rather than for the designated beneficiaries, including common schools, universities, and other state institutions identified in Washington’s Enabling Act. The lawsuit also threatens RCW 79.22.010 and .040, which create the “county trust lands” and revenue derived therefrom, which is then distributed to junior taxing districts under RCW 79.64.110.

   **Background**
   A coalition of conservation organizations and individuals, led by Conservation Northwest, filed litigation challenging the Board of Natural Resources’ Resolutions 1559 and 1560, the December 2019 decisions adopting the long-term conservation strategy for the marbled murrelet (amending the State Upland’s 1997 Habitat Conservation Plan and Endangered Species Act Incidental Take Permit), and setting the 2015-2024 sustainable harvest calculation. The primary focus of this litigation is a challenge to the State’s “trust mandate” for management of its federally granted lands.

   **Status**
   Conservation Northwest filed its litigation in January 2020, and its claims were dismissed by Thurston County Superior Court in October 2020. A coalition of trust beneficiaries and advocacy groups intervened and are parties to the litigation. The intervenors include five counties, seven taxing districts, the American Forest Resource Council, and the City of Forks. The Washington Supreme Court granted direct review of the trial court’s decision to dismiss the challenge, and oral arguments were on October 21, 2021.

CASES DECIDED

2) **Rasmussen v. Dashiell**
   - **Div. III, Court of Appeals, No. 37812-8-III**

   **Issue**
   Stevens County requested amicus support on the following questions: (1) whether a cause of action exists to hold a county commissioner individually liable on his/her bond for funding decisions made by the larger Board of Commissioners, and (2) whether the doctrine of immunity protects a commissioner from such claims.

   **Background**
   On March 21, 2019, Stevens County Prosecutor Rasmussen filed suit against the Stevens County Commissioners, alleging they had made unconstitutional gifts of public funds for expenditures of homelessness funds. The trial court ruled orally on summary judgment in favor of the prosecutor that there was strict accountability for the county commissioners and that they were liable on their bond.
Status
The commissioners appealed on October 21, 2020. The court set an oral argument for December 6, 2021, but the respondent requested an extension of time. Counsel missed the deadline to file, and no amicus brief was submitted. Oral arguments were scheduled for January 24, 2022.

Division 3 of the Court of Appeals held in favor of the commissioners on March 31, 2022, calling Prosecutor Rasmussen’s approach of suing the commissioners individually a “novel” one. Per the Court, “The alleged unconstitutional gifting was not something the Stevens County commissioners did in their individual capacities. It was done collectively by the board as a legislative body. As such, individual bond liability was not available. Furthermore, because the commissioners were not alleged to have been involved in collecting or receiving public bonds, they could not be held individually liable on their bonds without some culpable misconduct.” The superior court remanded the case to vacate the judgment against the commissioners and enter summary judgment in their favor.

3) Fite v. City of Puyallup and Mudd
   
   Div. II, Court of Appeals, No. 54325-7-II

Issue
Did the trial court err in giving a jury instruction stating, “Whether a roadway or crosswalk is reasonably safe for ordinary travel must be determined based on the totality of the circumstances. A roadway or crosswalk can be unsafe for ordinary travel even when there is no violation of statutes, regulations, or guidelines concerning roadways and crosswalks.” The two sentences appear contradictory and misstate the law in favor of one party?

Background
An allegedly intoxicated skateboarder and a pickup truck collided in a marked crosswalk in the City of Puyallup. The crosswalk complied with national, state, and city road design standards. The jury awarded the skateboarder $6.5 million. The City appealed, citing the jury instruction and the exclusion of evidence of the skateboarder’s intoxication and eyewitness evidence under a ruling that the skateboarder did not need to look both ways before entering the intersection.

There is an unacceptable trend that municipalities are becoming insurers of persons using crosswalks. Jury awards and settlements are becoming a huge tax on crosswalks paid with public funds despite driver and pedestrian faults. The Court of Appeals should reinstate the standard that municipalities and users of crosswalks have a duty to exercise ordinary care.

Status
WSAC’s amicus brief was due on October 26, 2020. The court heard an oral argument on May 11, 2021.

On November 9, 2021, the Court of Appeals ruled in favor of the City of Puyallup, reversed the trial court, and remanded the case back for a new trial in line with the ruling. Specifically, the court ruled that Puyallup should have been allowed to present the affirmative defense of evidence of Fite’s intoxication, and the trial court erred by submitting the jury instruction that overemphasized Fite’s theory of the case by omitting language regarding compliance with statutes and regulations being evidence of the city meeting its duty of care. At Fite’s request, the court clarified its ruling regarding the retrial on April 12, 2022.

4) **Butts v. Constantine**
   - Supreme Court, No. 98985-1

*Issue*
Did the trial court err in finding a provision of the King County charter that allocates residual and implied powers in the executive unconstitutional because they were not specifically granted by the council to the executive? Did the trial court err in ruling that county inquests cannot exceed the scope of the 1854 Coroner’s Statue, RCW 36.24, despite a charter county’s ability to utilize inquest procedures that exceed the state process?

*Background*
Petitions for extraordinary writs (mandamus/prohibition/review) and petitions for declaratory and injunctive relief were filed by several parties in Superior Court contesting the King County Executive’s executive orders on inquests which were substantially re-vamped beginning in late 2018. The change in the policy was a response to growing community concern that the inquest process was a rubber stamp for police use of force. Families of 3 decedents killed by law enforcement officers argued that the policy changes didn’t go far enough, and cities and individual police officers (police parties) argued that the policy changes went too far.

The Supreme Court’s decision, in this case, will determine the ability of counties to adopt home rule charter provisions that establish a strong executive form of government. If such charter provisions are precluded under the Washington Constitution, a common government structure open to charter cities (i.e., a strong mayor-type government) would no longer be possible for home rule county governments. Whereas charter counties may currently rely on implied executive authority to execute the laws, the Superior Court’s notion that laws must be “specific, not general” in specifying executive authority would require extremely long ordinances to detail each power an executive could exercise in carrying out each particular law. For charter counties with a strong executive form of government, this case will resolve what amounts to a constitutional crisis over the proper scope of county executive authority.

*Status*
The Supreme Court accepted King County’s request for direct review. Amicus briefs were due the first week of December, and oral arguments were heard on January 19, 2021.

- On July 15, 2021, The Supreme Court “reaffirm[ed]” the executive’s “authority” to “issue executive orders establishing policies and procedures for coroner’s inquests as necessary to fill ‘gaps in the [Coroner’s Act],’ so long as those orders ‘do not create any direct conflict’ with the Coroner’s Act.” In holding that the executive had the authority to act, the Court necessarily rejected the trial court’s conclusion that the executive did not have that authority. Nevertheless, the Court stated in a footnote that the Court “need not—and therefore do not—address these broad constitutional questions in resolving the issues before us today.” The Court did what WSAC needed it to do: vacated the trial court’s erroneous decision. It did not make any constitutional pronouncements about a county’s citizenry’s ability to vest all executive power in an executive.

5) **Mancini v. City of Tacoma, et al.**
   - Supreme Court, No. 97583-3

*Issue*
Did the Court of Appeals err by deciding the plaintiff’s negligence claim, as presented at trial, was a negligent investigation claim and thus, not cognizable (within the jurisdiction of a court), where the alleged negligent acts were the police’s failure to make a controlled buy and conduct surveillance before obtaining a controlled substance warrant for the plaintiff’s home?
**Background**

This case involves the execution of a search warrant on a suspected meth dealer in Federal Way. Unfortunately, the confidential informant misidentified the building, and the warrant was issued for and executed on Kathleen Mancini’s apartment. Police believed that Mancini was the suspect’s mother and that she was renting the apartment in her name to keep him off the grid. Mancini sued, alleging negligence, invasion of privacy, assault, and battery, and false arrest, among other claims.

The case was initially dismissed on summary judgment, and Division I reversed these four claims. The matter went to trial, and the jury found for the city on the intentional torts (invasion of privacy, assault/battery, and false arrest) but found for the plaintiff on the negligence claim. The theory of negligence the plaintiff presented to the jury was the city was negligent in how the warrant was obtained, by failing to do a controlled buy, and by not conducting more surveillance before seeking and executing the warrant.

On appeal, in Mancini II, Division I agreed the plaintiff’s theory of liability at trial was a negligent investigation, and the claim was not cognizable. Division I reversed and directed a verdict be entered for the city. The plaintiff brought a motion for reconsideration, which was denied. The plaintiff then filed a petition for discretionary review in the Supreme Court, with amicus support from the Washington State Association for Justice, and the Court accepted review.

Traditionally, courts have not recognized a claim of “negligent investigation.” If the Supreme Court were to reverse Division I’s decision, the potential liability would be far-reaching for county police agencies. Then, any time police agencies are involved in investigating a crime, a plaintiff may bring a claim that the case was not properly investigated.

**Status**

The petitioner sought a 30-day extension for the supplemental briefs, which the Court granted, so the parties’ supplemental briefs were due February 3, 2020. WSAC filed a joint brief with the Washington Association of Sheriffs and Police Chiefs, filed the brief on March 27, 2020. The Supreme Court heard oral arguments on May 5, 2020.

On January 28, 2021, the Supreme Court reversed the Court of Appeals and reinstated the jury’s verdict, stating, “the Washington State Legislature has enacted a broad waiver of sovereign immunity. Consistent with that waiver, we hold that the standard tort duty of reasonable care applies with full force to police executing a search warrant.” The Court did not reach the question regarding whether police may be separately liable for the tort of “negligent investigation.”

6) **Teamsters Local 839 v. Benton County**

- Div. III, Court of Appeals, No. 36974-9-III

**Issue**

Does RCW 41.56 (public employees’ collective bargaining) trump RCW 49.48.200 and .210 (collection of overpayment of wages) such that public employers must collectively bargain the collection of overpayments?

**Background**

In November 2016, the Benton County Auditor’s Office discovered the accidental overpayment of wages to corrections officers and patrol deputies in the Sheriff’s Office. The Auditor’s Office notified the Sheriff’s Office, which communicated with the affected employees. The Teamsters filed a preemptive grievance, which was withdrawn not until members timely challenged the occurrence or amounts of the overpayments.
Instead of litigation to recover the undisputed debt owed the county, and according to express statutory authority in RCW 49.48.200 and .210, the Auditor’s Office had the employees served with notice and deducted the overpayments in subsequent pay periods per the statutory requirements. The Teamsters filed two Unfair Labor Practice complaints against the county, alleging they should not have dealt directly with represented employees and should have provided the Teamsters with the opportunity to bargain a repayment plan.

The Teamsters and the County filed simultaneous, pre-hearing cross-motions for summary judgment. Without a full evidentiary hearing, the examiner ruled the county committed the unfair labor practices. The county was ordered to return the overpaid funds, including interest if requested, to the employees and bargain and negotiate a payment plan with the Teamsters. PERC affirmed the examiner’s decision. The county filed a petition to review PERC’s administrative decision in the superior court, which affirmed the decision.

Appellant, Benton County, filed their initial brief on December 13, 2019. WSAC joined with the Washington State Association of Municipal Attorneys in filing an amicus brief. The Court of Appeal’s arguments were set for September 18, 2020, but were rescheduled.

- On November 12, 2020, Division III of the Court of Appeals ruled, with all three judges concurring, against Benton County and in favor of the Teamsters. The court held that recovery of overpaid wages from a union member’s future paychecks or accrued leave is a mandatory subject of bargaining.

**Issue**
Does the State of Washington or the Washington State Office of Public Defense have an actionable duty to cure claimed systemic and significant deficiencies in a county’s provision of indigent defense services to juveniles charged with criminal offenses?

**Background**
In 2017, the plaintiff, supported by the ACLU, sued the state, alleging Grays Harbor County systemically failed to provide a constitutionally adequate indigent juvenile defense. Grays Harbor County was not named as a party to the suit. Davison asked the Thurston County Superior Court to declare the state and OPD have a duty to act when they become aware of a systemic failure by a county to provide a constitutionally adequate indigent juvenile defense.

The trial court ruled that the state has a duty to act if it knows of a county’s systemic failure to provide constitutionally adequate indigent juvenile defense, without regard to whether the county could more appropriately remedy the problem itself.

The state filed a motion for direct review to the Supreme Court on January 28, 2019, and the Court accepted review.

**Status**
The WSAC Executive Committee approved amicus involvement in March. Pacifica Law Group submitted a brief for WSAC at the end of September. The Court heard oral arguments on November 12, 2019.

- As WSAC argued in its amicus brief, the Washington Supreme Court confirmed that, ultimately, the State bears the duty to provide indigent defense services as required under the U.S. and Washington Constitutions. While the State has the discretion to delegate to local governments responsible for
providing these services, in so doing, the State must provide local governments with the authority and means necessary to furnish constitutionally adequate indigent defense. The Court remanded for consideration whether the systemic and structural deficiencies in the current state system, as alleged by the plaintiffs and described in WSAC’s amicus brief, violate the State’s constitutional duties.

- The plaintiffs filed a motion for reconsideration to the Supreme Court in July, and WSAC filed an amicus brief supporting the review. The Court denied the motion for reconsideration.

- *Supreme Court, No. 98317-8*

**Issue**
May the Supreme Court compel the state executive branch – specifically the Governor and secretary of the Department of Corrections (DOC) – to release prison inmates immediately to reduce the spread of COVID-19?

**Background**
Columbia Legal Services and the American Civil Liberties Union filed a Petition for a Writ of Mandamus with the state Supreme Court, later seeking an amendment to include Habeas Corpus and/or Personal Restraint Petition, on behalf of five named inmates and all similarly situated inmates - approximately 11,700 persons - seeking their release from state custody due to the global pandemic, without regard to the risk of dangerousness, victims’ rights, or supervision requirements.

The petitioners initially filed in late March, seeking an emergency motion to accelerate review, the appointment of a special master, and immediate relief on April 9. After the reply brief was submitted on April 10, the Court directed the Governor and Secretary Sinclair to immediately take all necessary steps to protect the health and safety of the named petitioners and all DOC inmates and report to the Court on April 13 with an update required on April 17. On April 10, Governor Inslee and Secretary Sinclair submitted to the Court a plan to release up to 950 inmates, considering the crimes for which they were convicted, scheduled release dates, and approved release plans.

The April 10 order did not appoint a special master; however, three of the justices dissented, stating they would have ruled to release the named petitioners immediately.

**Status**
Deputy prosecuting attorneys for Skagit and Kitsap Counties volunteered to draft an amicus brief on behalf of WASPC opposing the release due to fiscal and health-related concerns. WASPC is also submitting an amicus brief, as is WAPA – with each brief focused on specific matters. The briefs are due April 16, 2020.

- The Court heard an oral argument via videoconference on the morning of April 23, 2020. The respondent’s counsel referenced WSAC’s amicus brief in his argument. - *Div. II, Court of Appeals, No. 52329-9-II*
**Issue**
Must the state Department of Transportation pay its share of a county’s noxious weed program’s costs?

**Background**
As required by state law, Kittitas County provides noxious weed services to all landowners in the county, including DOT. Kittitas County is appealing a superior court summary judgment order exempting DOT from paying for noxious weed services to DOT-owned land.

Kittitas County appealed the case to the Court of Appeals and requested an amicus brief from WSAC.

10) Sandra Ehrhart et al v. King County et al

- Supreme Court No. 96464-5

**Issue**
Does WAC 246-101-505, which directs a county to “[r]eview and determine appropriate action” when it receives notice of a “notifiable condition,” such as a Hantavirus infection, create a duty upon which tort liability can be imposed, or does the public duty doctrine bar tort liability as a matter of law?

**Background**
In December 2016, a commercial diagnostic lab notified King County that a resident of rural Redmond had tested positive for Hantavirus. Consistent with the Department of Health (DOH) guidelines, King County sent a Public Health Nurse Investigator to review the case.

Health Departments send information to the public on various health topics, including certain “notifiable conditions,” i.e., diseases or conditions of public health importance. To that end, the Health Department’s communications office, in consultation with its Local Health Officer and condition-specific guidance from the Washington State Department of Health (“DOH”), determines when health notifications should be issued.

Due to the noncontagious nature of Hantavirus and the isolated nature of the resident, King County’s Local Health Officer determined it was not necessary to issue a public notice.

In February 2017, King County was notified of Brian Erhart’s unexplained death. He had been treated for flu-like symptoms at Swedish Hospital and discharged. The next day, his condition worsened, and he went to Overlake Hospital, where he later died. King County launched an investigation to determine the cause of death, which revealed he died of acute Hantavirus infection.

Mr. Erhart’s estate sued his treating physician, Swedish Health Services, and King County for negligence and wrongful death. The estate claims the Health Department should have sent a health advisory to area healthcare providers after being notified of the December 2016 case of Hantavirus.

The trial court refused to grant King County’s motion for summary judgment. Instead, “conditionally” granted the estate’s motion for summary judgment on the public duty doctrine dependent on the jury’s factual findings at trial. The Supreme Court accepted the case on a motion for direct discretionary review.
**Status**
This case was set for oral argument on November 12, 2019. Having not found a volunteer DPA to draft this brief, WSAC general counsel submitted a brief for WSAC on September 27, 2019. The oral argument was heard on November 12, 2019.

- On April 2, 2020, the Court ruled King County owed no individual tort duty to Ehrhart and remanded the case back to the trial court to enter summary judgment in favor of King County on its affirmative defense asserting the public duty doctrine.

11) **Tulalip Tribes v. Smith**
- US Court of Appeals, 9th Circuit, Nos. 18-36062, 18-36075

**Issue**
Does federal law preempt the State and County’s imposition of taxes on non-Indian businesses in transactions with non-Indian customers?

Do the taxes interfere with Tulalip’s sovereign right to make and be governed by its laws by depriving the Tribes of funds for education and social welfare of tribal members and those living on the reservation?

Does the Indian Commerce Clause carve out a zone of economic interests—including taxation—which only the federal government, not state and local governments, may regulate?

**Background**
The Tribes, joined by the United States as a plaintiff-intervenor, sought a declaration and injunction prohibiting the State of Washington and Snohomish County from collecting retail sales and use taxes, business and occupation taxes, and personal property taxes within a part of the Tulalip Reservation known as Quil Ceda Village. The plaintiffs argued these taxes should not be imposed because they are preempted by federal law, violate the Indian Commerce Clause, and infringe on Tulalip’s tribal sovereignty.

The US District Court first granted summary judgment on one count, holding the plaintiffs did not state a viable claim of relief under the Indian Commerce Clause. The district court then concluded the State and County’s taxes were not preempted under that test because there is no pervasive or comprehensive federal regulatory scheme governing retail sales activity in the Village, and Tulalip could not demonstrate more than a basic financial interest implicated by the State and County taxation. The court also held the taxes do not infringe on Tulalip’s tribal sovereignty.

Both the Tribes and the United States appealed to the 9th Circuit Court of Appeals. Briefs were drafted, and settlement negotiations ensued.

**Status**
The WSAC Executive Committee approved amicus involvement. WSAC was exploring the option of filing a joint brief with WSAMA. However, the parties reopened settlement negotiations in late April, vacating the briefing schedule.

12) The Judges of the Benton and Franklin Counties Superior Court et al. v. Michael Killian, Franklin County Clerk, Superior Court of WA for Franklin County
   • Supreme Court, No. 96821-7

**Issue**
May a court compel a board of county commissioners to fund expenditures absent clear, cogent, and convincing evidence those expenditures are necessary to hold court, conduct the administration of justice efficiently, or fulfill the court’s constitutional duties?

**Background**
Benton and Franklin County Superior Courts adopted a court rule to order the Franklin County Board of Commissioners to appropriate additional funds for the Franklin County Clerk to maintain paper records after the electronic Odyssey record system was operational.

Kittitas County Superior Court Judge Scott Sparks heard the case. The court scheduled the plaintiff’s motion for summary judgment seeking a writ of mandamus for a hearing on December 7, 2018. The Kitsap County Board of Commissioners requested, and the Kitsap County Prosecuting Attorney agreed to appear for WSAC as amicus in the case. The Kitsap County Prosecuting Attorney, by and through Chief Deputy Jacquelyn Aufderheide and Senior DPA Lisa Nickel, prepared and submitted the necessary briefing.

On December 10, 2018, Judge Scott Sparks ruled in favor of the judges, holding that it is the judges and not the clerk who decides when the timing of going paperless should occur. The Franklin County Superior Court Clerk is not authorized to disregard the authority of the court.

The Franklin County Clerk filed a petition for review to the Supreme Court and asked WSAC to continue its amicus support. Former WA Supreme Court Justice Phil Talmadge filed a brief on behalf of the Washington State Association of County Clerks.

**Status**
On July 26, 2019, Chief Civil Deputy Aufderheide submitted a new amicus brief similar to the one filed with the trial court, except it responded to argument/contentions made in the Franklin County Superior Court’s answer to WSAC’s amicus brief and expanded WSAC’s brief to describe the numerous functions county governments perform, which may be affected when judges demand extra-budget expenditures for judicial projects. The Supreme Court heard oral arguments on November 12, 2019.

- On March 19, 2020, the Supreme Court held the Franklin County Superior Court abused its authority in using rule-making to resolve a dispute in the court’s favor with another elected official. Instead, the superior court should have sought a declaratory judgment ruling so a neutral arbitrator could decide the dispute.

   • Supreme Court, No. 96990-6

**Issue**
Whether jurors are entitled to minimum wage as employees under the Washington Minimum Wage Act.

**Background**
Washington’s counties, including King County, pay jurors within a $10 to $25 range according to state law. The plaintiffs are hourly wage earners whose employers do not pay for jury service. They filed a claim in Pierce County Superior Court claiming jurors should be paid minimum wage under the Washington
Minimum Wage Act. They also sought a declaratory judgment on the grounds that insufficient juror pay necessitating economic hardship excusals effectively excludes jurors from services based on economic status. They included a racial disparity class and claim but voluntarily dismissed it. While they aimed for a class action, no class was ever certified.

King County moved for and prevailed on summary judgment. The plaintiffs sought direct review and were denied. The Court of Appeals affirmed the grant of summary judgment in favor of King County by a vote of 2-1, holding (1) economic status is not a protected class under the Washington Law Against Discrimination, (2) an implied cause of action and remedy of increased juror pay is inconsistent with the legislative intent of the underlying statute, and (3) rejecting the argument that jurors are employees for purposes of the Minimum Wage Act.

**Status**
The plaintiffs sought review in the Washington Supreme Court, which the Court granted on July 29, 2019. The Court heard oral argument on October 29, 2019. Pam Loginsky of the Washington Association of Prosecuting Attorneys drafted a joint brief for WSAC and the County Clerks and filed it at the end of September.

- The Supreme Court ruled on April 9, 2020, that jurors are not employees entitled to the minimum wage under the Minimum Wage Act because no employer-employee relationships exist statutorily under RCW 49.46.010(3)(d) or otherwise. The Court stated the solution for low juror pay rests with the legislature, not the courts.

BUSINESS ACTION AND REPORTS
May 11, 2022

TO: WSAC Board of Directors and Alternates

FROM: Cowlitz County Commissioner Dennis Weber
       Snohomish County Councilmember Stephanie Wright

PREPARED BY: Eric Johnson, WSAC Executive Director

SUBJECT: NACo Western Interstate Region (WIR) 2nd Vice President Election

BACKGROUND

The Western Interstate Region (WIR) of the National Association of Counties (NACo) is comprised of 15 Western States, including the 39 counties in Washington State.

As described by NACo, WIR is:

“Dedicated to the promotion of Western interests within NACo. These interests include public land issues (use and conservation), community stability and economic development, and the promoting the traditional western way of life. Its membership consists of fifteen Western states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming), with membership funded through the individual state associations.”

WIR is governed by a Board of Directors that includes an Executive Committee comprised of a president, a first vice-president, a second-vice president, and the Immediate Past President and that also contains no more than two representatives from each state, chosen from among its county officials by the members from each state and the West Region. WIR elects its NACo Executive Committee each year at the annual WIR Meeting.

WSAC Bylaws call for our two WIR Board members to be elected every two years by the WSAC Membership, with one member representing counties under 180,000 residents and one county representing counties with a population greater than 180,000 residents. Our current NACo WIR Board Members are:

Cowlitz County Commissioner Dennis Weber
Snohomish County Councilmember Stephanie Wright

ISSUE

This year, Stevens County Commissioner Wes McCart has announced his plan to seek the position of WIR 2nd Vice-President. Commissioner McCart served as WSAC’s’ representative for counties under 180,000 on the NACo WIR Board for several years.

During the Annual WIR Business Meeting in Anchorage, Alaska, on Friday, May 20 at 8:30 a.m., there is a NACo WIR 2nd Vice President election. In addition to Commissioner McCart, another announced candidate Supervisor Matt Kingsley from Inyo County, California. Each state will have five votes cast as whole votes (no fractions).
Additionally:

- Each state can split its votes between candidates.
- No state can cast a vote if it is not present when the roll call occurs.
- No proxies are allowed.

RECOMMENDATION

WSAC must show its support and commitment to Commissioner McCart. He has been an extraordinarily active member of the NACo WIR Board in the past and the NACo Public Lands Steering Committee.

WSAC shall cast all five of its votes for Commissioner McCart and encourage other WIR states to do the same.
Resolution 2022-07

WHEREAS, The Western Interstate Region (WIR) of the National Association of Counties (NACo) is comprised of 15 Western States, including the 39 counties in Washington State; and

WHEREAS, Washington State is a member of NACo WIR; and

WHEREAS, WIR is governed by a Board of Directors that includes an Executive Committee comprised of a president, a first vice-president, a second-vice president, and the Immediate Past President; and

WHEREAS, the NACo WIR Board is also represented by no more than two representatives from each state; and

WHEREAS, WSAC has currently selected the following members to represent Washington’s 39 counties on the NACo WIR Board Members:

Cowlitz County Commissioner Dennis Weber
Snohomish County Councilmember Stephanie Wright

WHEREAS, Stevens County Commissioner Wes McCart has announced his plan to seek the position of WIR 2nd Vice-President; and

WHEREAS, Commissioner McCart served for several years as WSAC’s representative for counties under 180,000 on the NACo WIR Board; and

WHEREAS, Commissioner McCart is an active member of the NACo Public Lands Steering Committee; and

WHEREAS, there is an election for the NACo WIR 2nd Vice President during the Annual WIR Business Meeting in Anchorage, Alaska, on Friday, May 20 at 8:30 a.m., and

WHEREAS, each state will have five votes to be cast as whole votes (no fractions);

NOW, THEREFORE BE IT RESOLVED that WSAC show its support and commitment to Stevens County Commissioner McCart; and

BE IT FURTHER RESOLVED, WSAC appreciates and recognizes Commissioner McCart’s participation and engagement with NACo WIR Board in the past as well as the NACo Public Lands Steering Committee;

BE IT FURTHER RESOLVED, WSAC shall cast all five of its votes for Commissioner McCart for NACo WIR 2nd Vice President and encourage other WIR states to do the same.

Approved by the Board of Directors of the Washington State Association of Counties on May 11, 2022.

Cash
WSAC ended 2020 with a total cash position of $878,586. This is over $200k higher than ending cash last year, primarily due to reduced spending in 2021.

Budget to Actual Activity
The combined All Funds Actual vs. Budget in Summary 12/31/2021 report shows a positive $259,919 bottom line. This is over $285k more than budgeted and significantly better than the 2020 change in net assets. The following items highlight significant budget variances and the reason for the negative bottom line in the financial report:

Revenues
- Contract Services – Revenue projections from contract services were about 8% over budget. Significant variances were from the DOT Culvert Project-original contracts expired 6/30, so subcontractors pushed to spend out funds. The contract was renewed at a lower level, but spending remained consistent since some projects were already underway. Our Ecology contract for the Columbia River project came in under budget. The contract was extended through calendar year-end, but expenses were considerably less with the switch from a subcontractor to internal staff. The DNR contract for fish and forest adaptive management came in with higher earnings than budgeted. The contract renewal on July 1 was higher than anticipated, so we could hire another subcontractor to work on the project.
- Affiliate Services – Revenue here offsets staffing costs and provides 12% earnings. There were fewer affiliate expenses to offset because of a 3-month vacancy in staffing for WSACE. We maintained full contract services for WSACA for the year rather than the reduced amount budgeted. This was due to a full return to their conference schedule.
- Conference revenues were higher than budgeted due to the return of an in-person County Leaders Conference.

Expenses
- Payroll and Benefits – The significant variance was due to staffing vacancies that were not refilled or refilled much later than anticipated.
- Meetings, Travel & Conferences – Travel costs did rebound somewhat, but not as much as budgeted. Conference expenses were much higher than budgeted due to the return of an in-person conference.
- Contract Services – Overage mostly due to DOT and DNR subcontract work.

Non-Dues Revenue
Endorsement and Marketing revenues from NACo programs were slightly over 2% higher than budgeted for 2021.

**2021 Operating Fund**

Revenues are 104% of Budgeted YTD

Expenses are at 100% of Budgeted YTD

Savings highest in salaries and benefits from staff vacancies and one less FTE than budgeted. Conference expenses were higher than conference earnings.
Key factors for changes in WSAC’s Assets and Equity between 2018 and 2021:

- **Litigation Fund** - a new fund based on the 2018 budget adopted by the members at the November 2017 General Membership Meeting.
- **Cash** – Cash flow is higher in the beginning of the year and is reduced as it is used throughout the year on general expenses. Cash remained stable from previous year as expenditures were lower than anticipated.
- **Receivables & Other Current Assets** - The receivables in the third quarter are mostly from state contracts.
- **Liabilities** – Deferred Revenues will decrease throughout the year as Dues are earned quarterly.

*This financial statement is produced directly from WSAC’s MIP Fund Accounting Software through DrillPoint Reports.

Key factors for changes in WSAC’s income and expenses between 2018 and 2021:

- 2021 Dues revenue increases from 2018 are a result of the addition of the SLAC program in 2018 and small COLA adjustments each year.
- Affiliate assessment revenues are based on actual expenses from the affiliates WSAC manages (recorded within Operating Expense) with a 12% overhead charge added.
- Payroll and Benefits - The reduced expense in 2018 was a result of four positions that remained unfilled for anywhere from one to four months. 2019 had 1 vacant position not filled and another position vacant for 2.5 months. 2020 was fully staffed with some minor changes in the 4th quarter. 2021 is under budget due to staff vacancies.
- Professional Services Other –Professional service increases in 2019 are mostly from the SLAC legal and communication expenses.

### 2022 Operating Fund

- **Revenues:** 99% of Budgeted YTD
- **Expenses:** at 86% of Budgeted YTD
- **Savings:** highest in salaries and benefits from staff vacancies. Other expenditures on target.
Key factors for changes in WSAC’s Assets and Equity between 2019 and 2022:

- Cash – Cash flow is higher in the beginning of the year and is reduced as it is used throughout the year on general expenses. Cash remained stable from previous year as expenditures were lower than anticipated.
- Receivables & Other Current Assets - Quarterly receivables in the first quarter are mostly from pending dues payments, but also from State Contracts and Affiliate reimbursements.
- Liabilities – Deferred Revenues will decrease throughout the year as Dues are earned quarterly.

*This financial statement is produced directly from WSAC’s MIP Fund Accounting Software through DrillPoint Reports.*

Key factors for changes in WSAC’s income and expenses between 2019 and 2022:

- **2022 Dues revenue increases from 2021 are a result of the addition of three new assessments and a COLA adjustment this year.**
- **Affiliate assessment revenues are based on actual expenses from the affiliates WSAC manages (recorded within Operating Expense) with a 12% overhead charge added.**
- **Payroll and Benefits – Fluctuations each year are due to a variety of staffing vacancies as well as some restructuring of positions.**
- **Contract Services – Contract service expenditures vary each year depending.**

TO: WSAC Board of Directors

FROM: Eric Johnson, WSAC Executive Director

PREPARED BY: Jessica Strozewski, Operations Coordinator

SUBJECT: Appointments and Nominations to Statewide Boards & Commissions

The following nominations were received for an open county, or local government represented positions on statewide boards and commissions. Attached are applications and statements of interest from each candidate.

WSAC Policy on Board Appointment/Nomination Process

For Boards or Commissions where the WSAC Board of Directors is responsible for nominating individuals, the following process will be used:

The Board of Directors may approve that all nominees be forwarded to the appointing authority for further review via voice vote.

For Boards or Commissions where the WSAC Board of Directors has appointing authority, the following process will be used:

For positions receiving two statements of interest, the Board of Directors shall conduct a hand vote to determine which candidate is the nominee/appointee. For positions receiving more than two statements of interest and where it is necessary to reduce the number of nominees, the board shall conduct an exhaustive ballot voting system until it is determined which candidate(s) are the nominees/appointees.

The exhaustive ballot voting system provides that each board member cast a single vote for their selected nominee. If no candidate is supported by an overall majority of votes, then the candidate with the fewest votes is eliminated, and a further round of voting occurs. This process is repeated for as many rounds as necessary until one nominee has a majority of the Board of Directors present to vote. If more than one nominee needs to be selected, the Board shall continue to vote until a second nominee has a majority, and so on.

Re: Interbranch Advisory Committee Designee

Dear Esteemed Colleagues:

The 67th Legislature passed Senate Bill 5490 establishing the Interbranch Advisory Committee, consisting of members from the Washington State legislative, executive and judicial branches of government. The purpose of the Interbranch Advisory Committee is to foster cooperation, communication, coordination, and collaboration among the three branches of state government.

You are receiving this letter because you are referenced in Section 1(3-7) of the bill as a party entrusted with appointing a representative to this important committee. With Section 3 of the bill vetoed, Senator Jamie Pedersen and I will be acting as the initial conveners.

The first meeting will be held on Friday, June 17, 2022. Please provide your designee’s name and contact information, as well as any recommendations for agenda items, by April 29, 2022.

I look forward to working with you all.

Sincerely,

Chief Justice Steven C. González

Position of Interest: County Design Standards Committee

Name Grace Amundsen Barnkow

Title County Engineer

County: Pacific County

If elected official, your current term ends?

Yes

Have you contacted the Board or Commission of interest or visited their website to review the meeting schedule and to determine if you are able to meet their requirements?

Yes

As an appointee or nominee of WSAC, you will represent the interests and positions of the Association and act in the best interests of all counties. You may be required to report back to the WSAC Board verbally or in writing, upon request, about activities and decisions of the Board or Commission on which you serve. Do you agree to these responsibilities?

Yes

Statement of Interest:
Pacific County has a lot of interest in standards that are relevant and usable by rural jurisdictions. Personally, I have a background and interest in standards and policy research and development from prior City (City of SeaTac) and State (of Alaska) work, and would like to apply that experience to County Design Standards.

Yes

Statement of Interest:

As the County Engineer of a medium sized County in NE Washington I understand how design standards can be applied to a wide range of projects from highly populated bedroom communities to mountainous logging roads. In our County, we have roads that are at both ends of that spectrum. Design standards need to be adaptable and fit into each situation. My background includes resource road design at DNR, stormwater, hydraulics and transportation design at DOT and currently some of both at Stevens County. I believe I can bring an unique take on County design standards for low volume roads.

Statement of Interest:

I’ve been practicing engineering for more than 30 years. I have served as a county engineer for more than 12 years for two counties. I advised the APWA Division 5 committee for hot-mix asphalt and other bituminous mixtures while at Kittitas County. Benton County is experiencing growth at a rate never seen. This growth requires us to face additional transportation challenges we are working to overcome. My career and studies concentrated upon geotechnical engineering, construction and materials. I believe my experience in both public and private sector work provides a unique perspective. This is an opportunity for me to help share the decades of experience and put it to good use.

Throughout my career, I have been involved in developing several standard documents including the Idaho Standards for Public Works Construction (ISPWC), the Bonner County Idaho Road and Bridge Standards, and the Missoula County Montana Road and Bridge Standards. I believe I can bring a level of experience and perspective that can help with the development of consistent road standards.

RE: County Road Administration Board Reappointment

Dear WSAC Board Members,

I am writing to respectfully request your consideration of my reappointment to the County Road Administration Board (CRAB).

I have faithfully served on CRAB since 2013, representing all of the eight counties with populations less than 30,000. I have served on the Executive Committee as Vice-Chairman for several years. Last June, I was elected by fellow CRABoard members as the Chairman. This is one of my highest honors of my time as a public servant.

I am well aware of the differing perspectives surrounding the tenures of commissioners/councilpersons serving on various boards. The thought that new members should be rotated in quickly to some boards is understandable in most situations. However, in the instance of the County Road Administration Board, I believe longevity is an extremely valuable asset to counties, the Association and the CRABoard. Since my tenure at CRAB, the Board has appointed two Executive Directors. This is an extremely difficult and important task. Having the institutional knowledge of the Agency is extremely...
Having a tenured person serving on CRAB is also valuable because of the fact that the Board only meets quarterly. This presents a problem for new board members in that, even after one full year, a person has only had a small opportunity to see and absorb the unique presentations and issues that are only dealt with annually. Currently, there are 4 new Board members that have less than a year in service and 3 of those 4 only have one meeting under their belt.

Being in the county family now for 11 years, I certainly understand that CRAB is one of the most highly coveted boards that a WSAC member can serve on. But, it is also probably the most important state agency for counties. I believe it is imperative, in this instance, that the WSAC Board use its discretion to reappoint those members who are passionate about county roads, have the institutional knowledge of the agency, and have the long-term commitment to better the agency and the counties it serves.

Since becoming a Commissioner in 2011, there is not another board or commission that I have served on that has more value, not only my county but to the small counties that I represent on the Board. It is an honor and a pleasure to be a part of the CRAB family. In my estimation, there is not another agency in the state that is more efficiently operated or who has more dedication to the public and to the counties that they serve.

Thank you for your time in consideration of my reappointment to CRAB.

**Statement of Interest:**

I, Michael Runyon, have chosen to apply for the County Road Administration Board due to the years of experience I would be able to bring to the table. I have had forty years of experience in road construction and owned a rock quarry during this time. I was Mayor of the City of Raymond for four years, managing the day to day activities and projects done by the City. I was elected to the Public Works Director position which I held for two years and sat on the City of Raymond Council for four years. With the years of experience and my interest in roads, I hope to be considered for sitting on the CRAB board.

If elected official, your current term ends?: Tuesday, December 31, 2024

Have you contacted the Board or Commission of interest or visited their website to review the meeting schedule and to determine if you are able to meet their requirements?

As an appointee or nominee of WSAC, you will represent the interests and positions of the Association and act in the best interests of all counties. You may be required to report back to the WSAC Board verbally or in writing, upon request, about activities and decisions of the Board or Commission on which you serve. Do you agree to these responsibilities?

Yes

Statement of Interest:
In this atmosphere of limited transportation dollars, I want to be part of making sure that smaller rural counties are included with an equitable share of funding.
Position of Interest: County Road Administration Board 30-150k

Statement of Interest:
I was appointed/elected to the County Road Administration board in January 2021 to complete the remaining term of retiring commissioner Bob Koch. In my short time with CRAB we have hired a new Executive Director (Jane Wall), worked diligently through an unusually difficult legislative session to protect county transportation interests, and welcomed multiple new CRAB members. I would very much like to continue serving WSAC interests on the CRAB and request my fellow commissioners support for reappointment to my first full term on the CRAB.

Statement of Interest:

I am interested in serving on CRAB board because it is the board that decides on and oversees the basic funding we as counties need to operate our local roads and keep them up. I've been impressed with its ethical and effective operation and having had Mark Storey as our County engineer, I've learned from him about its importance. I'm serving my second term on FMSIB, have previously served on WSAC's transportation subcommittee with Jane Wall and am currently serving by request of WSAC with Temple Lentz on the WSDOT NHFP local freight funding project selection committee for local programs. I believe my 10 years as a County Commissioner plus the transportation program related experience would allow me to serve you well on Crab Board.

Sincerely
Art

Statement of Interest:

One of the primary factors in land-use development when seeking to create a high quality of life is to ensure transportation elements are properly planned and adequate for the affected community. I can bring extensive knowledge of how to balance, and what is necessary to implement, the needs of transportation system users, whether for commercial transport, commuting, bike/ped facilities, or transit. I posses over 20-years of experience in land-use development, with the last 14-years in the public sector as a land-use planner, and almost 10-years (2012 to present) as a department director. I have extensive knowledge of both rural and urban planning, represented the City of Airway Heights, WA (one of the fastest growing cities in WA, between 2007 and 2018) on the Spokane Regional Transportation Council (SRTC) TAC for over 6-years, participated in the regional transportation project review and grading of proposals for jurisdictions in the Spokane MPO, many of which transitioned across jurisdictional and urban/rural boundaries. I have over 3-years experience in rural land-use planning in one of the fastest growing Counties in WA, Franklin County. I have participated in the designing, planning, and implementation of a variety road projects, from residential streets and bike/ped facilities, to highway corridor improvements and subarea planning.

You may be required to report back to the WSAC Board verbally or in writing, upon request, about activities and decisions of the Board or Commission on which you serve. Do you agree to these responsibilities? Yes

Statement of Interest:
Freight mobility is a core foundational element for a successful community and everyone’s economic viability.

I am in my third term as a Mason County Commissioner. I am elected as an Independent and am open to all opinions and positions.

I proudly served WSAC as our Mason County representative in years past.

I work hard and have been influential on getting hwy 3 recognized as a freight corridor. I have also worked with legislators and others in creating the funding mechanism needed to improve this regional freight corridor.

I was a key founder and foundational member of the very successful West Sound Alliance.

I currently serve as the Vice chair for the (PRTPO) Peninsula Regional Transportation Organization. Serving as the Mason County representative for over 10 years. Before that, I also served as a Port of Allyn Commissioner an additional 6 years.

I see this as an opportunity to better educate myself, my county and those I work with. I believe it will
also provide new opportunities for my state and local community.

I appreciate your consideration.

You may be required to report back to the WSAC Board verbally or in writing, upon request, about activities and decisions of the Board or Commission on which you serve. Do you agree to these responsibilities? Yes

Statement of Interest:
Prior to office, I spent 20 years in the private sector serving in the maritime industry in both marine terminal management as well as marine transportation. I saw firsthand the challenges experienced not only on the part of the freight industry and shippers, but also the neighborhoods, local businesses, and commuters affected by congestion. As part of a market segment heavily dependent on public infrastructure construction, maintenance, and improvement, I also witnessed firsthand the positive ripple effects on a region when strategic public investments are made to support economic vitality.

Presently, I lead a county pivoting to change our past mistakes and unfriendly business reputation to being recognized a blank slate for future growth, and as a conduit for goods moving from Eastern Washington to Puget Sound ports. I have already worked to expand our airport and surrounding business park by investing in staffing, equipment, and mitigation of land conditions which would create a barrier to private investment. My partnership with our vibrant hay export industry also puts me in a key position to understand the issues around freight mobility needing to be tackled on a larger scale.

I look forward to the opportunity to serve and
appreciate the consideration given to my application.

TO: WSAC Board of Directors and Alternates

FROM: Eric Johnson, WSAC Executive Director

SUBJECT: WSAC Comprehensive Policy Manual Amendment

Background
The Washington State Association of Counties Board of Directors is responsible for the adoption and maintenance of a Comprehensive Policy Manual to guide the administration of the Association’s business processes and functions.

Specifically, the Washington State Association of Counties Board of Directors is charged with two areas recommended for amendments:

- Adopting and maintaining policies governing the general supervision over the affairs of the Association (WSAC Bylaw 3.1.a)

- Adopting and maintaining personnel policies for the Association staff (WSAC Bylaw 3.1.e)

Issue
Juneteenth was established as the 12th federal holiday on June 17, 2021, through the Juneteenth National Independence Day Act. Juneteenth commemorated when the last enslaved African Americans learned they were free in 1865 in Galveston, Texas, where Union soldiers brought them the news two years after the Emancipation Proclamation.

In 2021, the Washington State Legislature passed a measure that makes Juneteenth a legal state holiday. House Bill 1016, making June 19 a state employee paid holiday, was approved on a bipartisan 47-1 vote in the Senate and an 89-9 vote.

Currently, the WSAC Comprehensive Policy Manual stipulates which paid holidays are provided:

All full-time employees will be entitled to the following holidays:

- New Year’s Day January 1
- Memorial Day Last Monday in May
- Independence Day July 4
- Labor Day 1st Monday of September
- Thanksgiving Day 4th Thursday of November
- Day after Thanksgiving Friday after Thanksgiving
- Christmas Day December 25
- Four Personal Days

WSAC Board of Directors Meeting May 11, 2022 Page 99 of 149
WSAC provides four personal holidays, three of which are replacements for the three federal and state holidays that WSAC remains open: Martin Luther King Jr. Day, Presidents Day, and Veterans Day. WSAC is open on MLK and Presidents Day because the legislature works these days. Veterans Day has either fallen on or near the WSAC Annual Conference requiring WSAC staff to attend or prepare for the conference.

**Discussion**

WSAC policy has historically provided that WSAC employees received the same paid legal holidays as state and county employees. As noted above, this has varied based on our work demands and schedules. There are no universal work schedule conflicts for the proposed Juneteenth Day holiday.

Additionally, WSACs' Employee Retention policy notes the significance of "providing appropriate and competitive salary and benefits to WSAC employees...". Adding Juneteenth Day as a paid holiday is consistent with the goal and intent of competitive benefits.

**Recommendation**

Staff recommends, in consultation with the WSAC Executive Committee, the following amendment to the WSAC Comprehensive Policy Manual:

**Holidays**

All full-time employees will be entitled to the following holidays:

- New Year's Day: January 1
- Memorial Day: Last Monday in May
- Juneteenth Day: June 19
- Independence Day: July 4
- Labor Day: 1st Monday of September
- Thanksgiving Day: 4th Thursday of November
- Day after Thanksgiving: Friday after Thanksgiving
- Christmas Day: December 25
- Four Personal Days

Holidays will be paid for those in paid status before and after the holiday. Holiday pay is for 8 hours maximum. If working a part-time schedule, only the regular amount of scheduled hours will be paid. If normally scheduled to work a shift greater than 8 hours, the difference in hours must be made up throughout the remainder of the week or taken as vacation leave.

Whenever a holiday, as herein referenced:

- Falls upon a Sunday, the following Monday is the recognized holiday; or
- It falls upon a Saturday; the preceding Friday is the recognized holiday.
WHEREAS, The Washington State Association of Counties Board of Directors is charged with adopting and maintaining the WSAC Comprehensive Policy Manual; and

WHEREAS, The Washington State Association of Counties Board of Directors acknowledges its responsibility to periodically modify and amend WSAC Comprehensive Policy Manual; and

WHEREAS, the WSAC Board of Directors has reviewed and discussed the merits of this proposed amendment;

NOW, THEREFORE, BE IT RESOLVED that the Washington State Association of Counties Board of Directors approves amending the WSAC Comprehensive Policy Manual to include Juneteenth as a paid holiday for WSAC employees.

Approved by the Board of Directors of the Washington State Association of Counties on May 11, 2022.

SUBJECT: Statewide Board and Committee Appointment Process Review

Background

The Washington State Association of Counties Board of Directors is responsible for adopting and maintaining a Comprehensive Policy Manual to guide the administration of the Association's business processes and functions.

One specific Policy within the Comprehensive Policy Manual is currently subject to review:

Part 8 – Board and Commissions

Specifically, the Washington State Association of Counties Board of Directors is charged with two areas associated with appointments and nominations to statewide boards and committees:

- Adopting and maintaining policies governing the general supervision over the affairs of the Association (WSAC Bylaw 3.1.a)

- The Board shall review and approve nominations to state boards and commissions as required by law or when requested by the State of Washington, NACo, or other organizations, or may delegate such authority to the Executive Committee. All vacancies will be announced in the Association publications before action. Interested Active Members may submit their names and resumes for any position. WSAC Bylaw 3.1.d)

WSAC Comprehensive Policy Manual currently has a "Boards & Commissions" policy section. This section describes and guides the manner WSAC Board of Directors solicits self-nominations and selects members to serve as a county representative on one or more of the many statewide boards, commissions, committees, task forces, and workgroups as stipulated in statute or by request of an authorizing body.

WSAC's 2022-2023 Strategic Plan created several actions related explicitly to WSAC's role in appointing and nominating members to statewide boards and committees, including the following direction:

"Review WSAC Boards and Commissions Appointment Process to reflect the need to incorporate newly elected officials and address the participation of more members, diversity of member nominees and appointments, length of the representation, etc."

Discussion

The WSAC Executive Committee asked several WSAC members, comprising both "tenured" WSAC members and more recently elected members, to participate in a WSAC Boards and Commissions Appointment Process Review Committee. The following WSAC members (joined periodically by WSAC Executive Committee Members) have met five times since March 9 to review the current WSAC Board and Commissions Policy and initiate a DRAFT revised Boards and Committee Policy for consideration by the WSAC Board of Directors:
Initial meetings of the WSAC Boards and Commissions Appointment Process Review Committee focused on:

- Review the current Boards and Commissions’ Policy;
- Discuss Policy, procedures, and other areas to consider in our review;
- Scoping areas and issues to consider during the policy review and update.

The scoping process identified vital areas and elements for consideration:

- **Principles** – the importance of stating clear, intentional principles to guide both the development of a boards and committee policy but guidance to staff and members in implementing Policy.

- **Terms** – Should an incumbent get an automatic additional term/or should there be limits on the length of service on anyone’s board/commission/committee; reasons not to reappoint? Meeting attendance? Providing reports or not? Representing WSAC Policy or not?

- **Authorities** – of the Board, the Executive Committee, any independent authority that might be granted to the Executive Director or other delegated authorities.

- **Recruitment and Nomination Process** – assure that we adequately reach members and eligible nominees/applicants. Provide for direct recruitment—targeted outreach.

- **Application Process** – reviewing the existing manner WSAC members and others apply to serve on a statewide board and committee, including collecting application materials, demographic information, and questions that need to be consistently asked.

- **Selection Process** – establish considerations that provide objective, intentional, and Policy-driven criteria that reflect association goals associated with qualifications, balance, newly elected officials, participation and engagement of more members, diversity of member nominees and appointments, length of the representation, etc.

Our initial goal was to bring a proposed/draft policy for consideration at the May 11, 2022, WSAC Regular Board of Directors meeting. While the Committee has a proposed DRAFT for your consideration (attached), there is more work to do. At this meeting, we will seek your feedback and input on the current proposal with the intent of bringing forth a final proposal for consideration by the WSAC Regular Board of Directors meeting on September 22, 2022, in Kittitas County.

It is also envisioned that this Policy will work in conjunction with some additional tools we are working on to "Create a Board and Commission dashboard for those - WSAC nominates or appoints - with front-facing data to show upcoming openings, current incumbents, and other information." We will be starting work on this in late 2022.

Please review the attached DRAFT of a revised Boards and Committee Policy and come prepared to offer your thoughts, ask questions, seek clarification, and provide input as the WSAC Boards and Commissions Appointment Process Review Committee works to finalize a proposal for consideration by the WSAC Board of Directors on September 22, 2022, in Kittitas County.
Part 8 – Boards & Committees

The Washington State Association of Counties (WSAC) endeavors to establish, maintain and implement a Statewide Boards and Committees Policy that reflects the values of our organization. Collectively, Washington’s counties derive strength from their diversity. It is important that this policy, and the appointment and nomination to statewide boards and committees be guided by these principles:

- Develop and implement a statewide boards and committee recruitment, nomination and appointment process that is fully transparent and understood by the WSAC membership and agencies and organizations to which we nominate and appoint.
- Active and intentional recruitment of potential applicants and nominees to seek a broad pool of applicants representing the diversity of county elected and appointed officials’ expertise, lived experiences and geographic regions.
- Assure that membership on statewide boards and committees represents the different geographic regions and political affiliations of the state.
- Intentional effort and outreach to integrate new members into the nomination and appointment process.
- Creating a culture to balance the importance on incorporating new WSAC members into statewide boards and committees while also recognizing the value of having tenured and experienced county elected and appointed officials who have expertise to serve on statewide boards and committees.
- Consideration of the racial, ethnic, socio-economic status, gender, religion, sexual orientation, gender identity, national origin, and disability of nominees and appointments in order to assure county representation on statewide boards and committees reflects the diversity in the state.
- Encourage members that have interest, experience, skills, and expertise to serve on relevant and related statewide boards and committees.
- WSAC staff and current members of stateside boards and committees will work to orient new WSAC members and others on the opportunities to represent counties on statewide boards or committees.
- WSAC members serving on statewide boards and committees are responsible to provide reports to fellow WSAC members to include online updates, posting meeting recaps, attending meetings to report and answer questions, working with Board/Committee staff to provide updates on actions taken and upcoming issues relevant to counties.
• WSAC staff shall develop online tools that shall assist members in identifying the statewide boards and committees that WSAC makes appointments and nominations to, when terms are expiring, and assists in application, nomination, and selection process.

• It is the intent that nominees and appointees represent the adopted policies and positions of the Washington State Association of Counties.

Terms of Service
It is the intent of the Association to limit each WSAC members participation on any one statewide board or committee to no more than 8 years. Current statewide board or committee members are encouraged to re-apply for consecutive terms for a maximum of 8 years of consecutive service. When re-applying, applicants must describe the importance of their ongoing participation and the key issues facing the board/committee during their next term.

While there are no restrictions to serving or being appointed/nominated to more than one Statewide Board or Committee at a time, the WSAC Board of Directors, Executive Committee, and Executive Director shall make every effort to provide opportunities to all WSAC members interested in serving. In particular, recently elected and newer WSAC members are encouraged to apply but need to be made aware that the current board/committee member may be seeking an additional term.

Members that are interested in serving on a specific statewide board and committee are encouraged to understand, investigate, and learn about the organization and group they are seeking appointment and or nomination to. To the degree possible, applicants are encouraged to explore, attend, and or participate with the activities, actions, programs, and services of the statewide board or committee prior to seeking nomination or appointment.

Whenever possible WSAC should attempt to appoint alternates that can be available or serve as a replacement to assure continuity of representation.

Authorities
Unless otherwise identified in statute, the WSAC Board of Directors is the primary appointing authority for all statewide boards and committees requiring WSAC appointments and nominations. While it is the intent of the Association to have these appointment and nomination decisions be made by the WSAC Board of Directors, it is recognized that timing for such action is not always possible. As such, delegated authority is provided to the Executive Committee, or the Executive Director as herein described.

To the degree possible, all positions that are vacant or that will become vacant prior or soon after a scheduled WSAC Board of Directors’ meeting shall be nominated or appointed by the WSAC Board of Directors.

Vacant statewide board and committee positions that emerge or exist in the interim between meetings of the WSAC Board of Directors, the WSAC Executive Committee, or WSAC
Executive Director are granted authorities to make appointments. The primary reasons for an appointment to be made under these conditions are:

1. To assure county representation exists on statewide board and committee.
2. The initial or next meeting needing county representation of the statewide board or committee is prior to the next WSAC Board of Directors Meeting.
3. Assure a quorum of the statewide board or committee is maintained.
4. Significant policy or action is pending.

All appointments made by the Executive Committee, or the Executive Director will be reported to the WSAC Board of Directors.

**Recruitment and Nominating Committee**

For those Statewide Board and Committee appointments and nominations coming before the WSAC Board of Directors, WSAC shall utilize a nomination committee comprised of the two most immediate past presidents, and three Active Members, one who shall be in their first two years of office, one who shall be in their third or fourth years in office, and one who shall be in their more than five years in office. Nominating Committee shall review self nomination materials and may also recruit and seek others for consideration. The Nominating Committee shall make recommendations to the WSAC Board of Directors regarding statewide board and committee nominations and appointments that may include ranking, preferences, and considerations.

For those appointments and nominations being made by the WSAC Executive Committee, the Executive Committee itself shall serve as the Recruitment and Nominating Committee.

**Applying to Serve**

All WSAC Active Members are encouraged to self-nominate to serve as a county representative on statewide boards, committees, commissions, task forces, work groups or other bodies for which positions are available for county representation and WSAC appointment.

WSAC shall utilize a variety of recruitment and outreach tools to inform and identify potential applicants and nominees including direct marketing and contact, solicitation notices, member to member contact, as well as accessible information that includes listings of current and pending opportunities to serve, a comprehensive list of county representatives on boards and committees that includes county representatives, and terms of service information.

Application procedures:

- Active Members must apply through the Association’s online application process. Application process shall seek to collect information helpful in the decision making process including:
  - Demographic information
  - Relevant knowledge, experience, and expertise
Capacity to attend the meeting schedule for the Board/Committee

Interest to serve and represent broader county government interests as well as adopted WSAC policy positions where pertinent

Willingness to fulfill responsibility to report back to membership

Other Statewide Boards and Committees currently serving on

If seeking re-appointment, to a statewide board or committee, applicants must describe the importance of their ongoing participation and the key issues facing the board/committee during their next term.

Express their knowledge, understanding, past or current engagement with the statewide board or committee to which they are seeking nomination or appointment.

• WSAC staff shall notice all recruitments, vacancies and pending openings and provide reasonable notice to apply.

• For all positions that are vacant or that will become vacant prior to the following scheduled WSAC Board of Directors’ meeting, WSAC staff shall initiate recruitment no later than 3 weeks prior to the next regularly scheduled Board of Directors meeting via the Association’s communication system and/or email to the Active Members, applicable affiliate members, and other interested parties.

• The deadline for submitting application materials using the WSAC online application process is 10 days prior to the next regularly scheduled WSAC Board of Directors meeting.

• For positions that open between regularly scheduled Board of Directors meeting and that have immediate deadlines, staff will strive to provide at least one week recruitment period.

Members that are seeking nomination or appointment to a statewide board or committee shall, if selected, regularly provide reports to fellow WSAC members to include online reporting updates, posting meeting recaps, attending WSAC meetings to report and answer questions, working with Board/Committee staff to provide updates on actions taken and upcoming issues relevant to counties.

Board Appointment/Nomination Process

Each regular meeting of the WSAC Board of Directors shall include appointments and nominations to statewide boards and committees as well as time for reports from current members of statewide boards and committees.
The WSAC Board of Directors shall provide oversight to assure a consistent, transparent, and fair application, nomination, and selection process to statewide boards and committees. This shall include a systematic Board of Directors approach to include:

- Advanced meeting materials prepared by staff
- Nominating Committee Briefing
- An opportunity for each applicant to briefly speak and be available to answer any questions from members of the WSAC Board of Directors. WSAC shall make this opportunity both virtually as well as in person.
- Follow voting procedures as outlined herein

For positions that WSAC is solely providing nominations, and unless otherwise directed, the WSAC Board of Directors shall pass through to the Governor or applicable appointing authority, all nominees who meet the qualifications to serve on the statewide board or committee. WSAC may prioritize these nominations based on the recommendation of the nomination committee. In this instance, the following process is authorized:

Board of Directors’ may approve that all nominees, or a selected subset of the nominees, be forwarded to the appointing authority for further review via voice vote.

For statewide boards and committees where the WSAC Board of Directors is the appointing authority, or must narrow a list of nominees, the following process will be used:

For positions receiving two statements of interest, the WSAC Board of Directors shall conduct a hand or electronic vote that captures how each member votes to determine which candidate is the nominee/appointee. For positions receiving more than two statements of interest and where it is necessary to reduce the number of nominees, the board shall conduct an exhaustive ballot voting system until it is determined which candidate(s) are the nominee/appointee.

The exhaustive ballot voting system provides that each board member cast a single vote for his or her selected nominee. If no candidate is supported by an overall majority of the Board of Directors present to vote (fifty percent plus one of the established quorum) of votes then the candidate with the fewest votes is eliminated and a further round of voting occurs. This process is repeated for as many rounds as necessary until one nominee has a majority of the Board of Directors present to vote. If more than one nominee needs to be selected, the Board shall continue to vote until a second nominee has a majority, and so on.
Notification of Board Appointment/Nomination

WSAC staff is responsible for notifying applicants of the Board’s decision(s) no later than 7 days after the board’s vote.

A letter detailing the Board’s action will be provided to the managing agency, authority, or director no later than 7 days after the board’s vote.

Those nominated to the Governor for appointment by the WSAC Board of Directors must complete an online statement of interest with the Governor’s Office. WSAC Staff will provide a link to this form via email no later than 7 days after the board’s vote.

Upon Appointment

Appointees of WSAC will represent the interests and positions of the Association and act in the best interest of all counties.

Those appointed to represent the Washington State Association of Counties on statewide boards and committees must be prepared to provide reports to fellow WSAC members to include online updates, posting meeting recaps, attending meetings to report and answer questions, working with Board/Committee staff to provide updates on actions taken and upcoming issues relevant to counties.

IN PROGRESS
Supporting Members on Statewide Boards and Committees

- Facilitate orientation to statewide board or committee.
- Knowledge exchange from one committee member to the next – assist in continuity of knowledge and representation.
- Orientation for appointee/nominee to WSAC policy/relation to statewide board or committee.
- Provide a mechanism for county representatives on statewide boards and committees to seek input and guidance from WSAC Members on issues.
- Creating ability to poll WSAC members
- Broader policy document that applies to not just legislative process but statewide boards and commissions as well.
- Provide staff support and assistance to members understanding WSAC Policy
- Answering questions and seeking feedback for members on statewide board or committee.

PREPARED BY: Paul Jewell, Policy Director
SUBJECT: Encumbered Lands 2022 State Supplemental Operating Budget Proviso

Background
The 2022 State Supplemental Operating Budget included the following proviso on page 570, Section 310:

(48)(a) $10,000,000 of the general fund—state appropriation for fiscal year 2023 is provided solely for the department to purchase state forestland, as described in RCW 79.22.010, to begin a program to benefit counties who have lost revenue from existing state forestlands encumbered by wildlife species listed as endangered or threatened by the federal endangered species act. The department must transfer the appropriated amount into the natural resources real property replacement account in accordance with RCW 79.17.210 to purchase state forestlands.

(b) Of the amounts provided in this subsection:
(i) $5,000,000 must be used to purchase state forestland for the benefit of Clallam county and Jefferson county; and
(ii) $5,000,000 must be used to purchase state forestland for the benefit of Pacific county, Skamania county, and Wahkiakum county.
(c) The purchased forestlands shall be owned and managed by the department as state forest transfer lands and shall be placed in trust for the benefit of the counties. The purchase of these state forestlands is not limited to lands within the geographic bounds of the counties listed in this subsection.
(d) The purchase of state forestlands must be made in concurrence with the Washington state association of counties before a transaction is finalized.
(e) The department shall work with the Washington state association of counties to determine if any statutory changes are necessary to address issues regarding beneficiary revenue distribution or any other fiscal matters related to state forestlands. The department and the Washington state association of counties shall report to the legislature on any needed statutory changes by December 31, 2022.

State Forest Lands (as opposed to state forestlands) are held and managed by the Department of Natural Resources (DNR) to generate revenue for the counties (approximately $65 million annually) in which the lands are located. There are two types of State Forest Lands – State Forest Transfer and State Forest Purchase. Counties currently receive 75% of the revenue generated on State Forest Transfer lands and 25% of the revenue generated on State Forest Purchase lands. Many counties depend on this revenue to provide services to county residents.
DNR also holds and manages State Grant Lands. State Grant Lands were granted to Washington at statehood by the federal government and benefit the construction of K-12 schools, among other various beneficiaries. Counties receive additional revenue from timber harvest on State Grant Lands through the timber excise tax.

State Forest Lands and State Grant Lands are often referred to as state trust lands.

In 1997, DNR adopted the State Trust Lands Habitat Conservation Plan (HCP) to meet the state’s obligations under the federal Endangered Species Act (ESA). The long-term plan outlines how DNR will provide habitat for species, such as the northern spotted owl, that are listed as threatened or endangered under the ESA while carrying out forest management and other activities on state trust lands it manages for revenue to the beneficiaries. The adoption of the HCP created greater certainty for the state in forest harvestability and reduced liability from ESA requirements. However, it also resulted in many state trust lands that once generated funding for counties and beneficiaries becoming “encumbered” by restrictions to harvest. These encumbered state trust lands produce little or no revenue.

DNR estimates that approximately 40% of all state trust lands cannot be harvested due to various restrictions, including the HCP. Nearly 60% of the marketable timber on state trust lands exists within the restricted areas. That leaves only 40% of the commercial timber on state trust lands available for harvest.

In 2017, DNR began working with three counties – Pacific, Skamania, and Wahkiakum – to develop strategies to address the disproportionate economic impacts these communities have experienced as the state has worked to meet its obligations to comply with the ESA. These counties receive legislative capital funding (about $4 million per year) to pay for essential community services once funded by timber revenue generated from the various state trust lands. The Legislature directed DNR to work with the three counties and other stakeholders to develop a long-term solution to the funding losses.

DNR convened the Encumbered Lands Steering Committee, which developed the Encumbered Lands Pilot Project. The proposal is to purchase replacement forestland in the counties or use a trust land exchange and reinvestment strategy to replace the loss of revenue-generating capacity on the impacted lands. The DNR Encumbered Lands proposal for the 2022 Legislative Session was $28.3 million. The total cost identified by the steering committee is much greater.

Relevant statutes that guide State Forest Land replacement and the encumbered lands counties are:

- RCW 79.22.060
- RCW 79.22.140
- RCW 79.22.150

In 2018, DNR submitted an amendment to the HCP to adopt a long-term conservation strategy (LTCS) for the marbled murrelet. The marbled murrelet, a pigeon-sized seabird that lives along the Pacific coast of North America, is federally listed as threatened in Washington, Oregon, and California. An interim strategy to protect the marbled murrelet was included in the original HCP but never updated.

Once DNR identified their preferred alternative for the marbled murrelet LTCS (2019 HCP Amendment), WSAC became concerned about DNR’s economic impact evaluation. We provided written and verbal comments that we did not believe DNR’s economic impact evaluation accurately captured all of the likely impacts on local government revenues and the broader direct, indirect, and induced effects on county economies.

To address the economic analysis deficits, WSAC solicited DNR and counties for funding to conduct a more thorough study. Mason Bruce & Girard were retained to perform the review, and a steering committee was formed to direct the work. The final report was completed and published in August 2021. Unfortunately, WSAC’s study was completed too late to impact the adoption of the amendment to the HCP, which was finalized in December 2019.
During the 2022 Legislative Session, WSAC requested a joint legislative committee work session with the Senate Committee on Agriculture, Water, Natural Resources, & Parks and the House Committee on Rural Development, Agriculture, & Natural Resources. We presented our marbled murrelet LTCS economic impact analysis and a panel of stakeholders answered questions from committee members. After the work session, WSAC was asked to draft a budget proviso requesting funding to purchase replacement timberlands in Clallam, Jefferson, Pacific, Skamania, and Wahkiakum Counties. Senator Kevin Van De Wege (24th Legislative District) submitted the proviso for legislative consideration. The proviso was included in the final 2022 State Supplemental Operating Budget.

Issues
The 2022 Supplemental State Operating Budget encumbered lands budget proviso is a significant return on investment considering the cost of the economic analysis WSAC produced (with Mason Bruce & Girard) on the 2019 HCP amendment. The proviso clearly states it is the beginning of a program to address this issue, opening a clear path for future appropriations. It is also the first significant investment by the state to provide funding to replace encumbered state forestlands.

The proviso also creates flexibility for when and where the replacement lands will be purchased beyond typical requirements. There is no time limit on the appropriation, and replacement lands need not be located within the same taxing district or even within the same county. WSAC is granted the authority to approve all purchases before a final decision is made, and counties will receive maximum value potential from the revenue generated on the lands. The purchased lands are designated as state forest transfer lands rather than state forest purchase lands.

The designated encumbered lands counties (Pacific, Skamania, and Wahkiakum) and stakeholders in the Encumbered Lands Steering Committee have raised concerns. Their ongoing work since 2017 has created program requirements and broad agreements among stakeholders that are not included in the proviso. The concerns include agreements about the conservation of encumbered lands once replacements have been purchased, decision-making authority for purchases, reductions in flexibility when comparing their program and the proviso, and other issues.

They have also pointed out that $5 million is a very small portion of the total funding requirement identified by the committee to effectively address the financial impacts to the three counties alone without adding more counties to the program. They are also concerned the original encumbered lands issues have now been conflated with the identified impacts of the 2019 HCP amendment, diluting their messaging and undermining their efforts.

The proviso does raise additional issues and concerns which will need to be resolved, including:

1. While $10 million is substantial, its application is limited to only a few of the counties impacted by the 2019 HCP amendment. It doesn’t come close to meeting the revenue required to address the impacts on all affected counties effectively.
2. The proviso does not address short-term revenue reductions.
3. The proviso places a significant responsibility for implementation upon WSAC.
4. The proviso assumes there may be challenges in replacing state trust lands utilizing the current trust framework. The implementation may require creating a new trust framework.
5. If replacement lands are purchased outside of one of the five counties, what are the impacts to the “donor” counties, and how are those impacts addressed?
6. What is the process for WSAC to provide concurrence on purchase decisions?
7. How will we determine if any statutory changes are necessary to implement the program?
8. How will we address the concerns brought forward by the encumbered lands counties?
Next Steps
WSAC staff plans to convene a workgroup of impacted and potentially impacted counties to consider the issues and develop recommendations and a policy for WSAC Board of Directors consideration. We plan to work closely with the DNR to sort through and identify each issue, evaluate it thoroughly, and work toward implementation of the proviso and purchasing replacement state forestlands.

We believe it is appropriate to include the impacted counties in a process that requires their engagement when purchase decisions are made, rather than leaving it up to WSAC alone. Additionally, considering the implications of a new trust model and the potential for state forestland purchases outside beneficiary counties and taxing districts will take time and discussion to evaluate and develop operating agreements.

It is also essential to fully understand the concerns expressed by the encumbered lands committee. Many of their program agreements could likely be incorporated into the implementation of the proviso.

Finally, WSAC must work with the DNR to identify any need for statutory changes and report to the legislature by the end of the year. Including a workgroup of impacted counties will improve this evaluation and provide a broad perspective of issues that may need addressing.

WSAC Comprehensive Policy Manual states that “The President may appoint temporary committees and task forces...”. As provided for, WSAC staff will work with President Stephens and the Executive Committee to establish a workgroup to review the issues and deliberate on the development of a decision making process for Board of Directors consideration.

SUBJECT: Strategic Legal Activities and Communication Program Review

___________________________________________

Background
In May 2017, at Sun Mountain Lodge in Okanogan County, the WSAC Board of Directors and Legislative Steering Committee, with a pent-up high level of frustration with the Washington State Legislature and Executive Branch, directed the WSAC Executive Committee to develop a proposal and budget request to fund “Strategic Litigation and Communication.” The WSAC Executive Committee and WSAC Board of Directors proposed a $400,000 Strategic Litigation and Communication Program that, on November 16, 2017, the WSAC Membership unanimously supported.

Discussion
WSAC staff went to work with the WSAC Executive Committee and LSC Co-Chairs on alternatives and options for program development, including the appointment of the Strategic Litigation and Communication Workgroup (SLAC) to recommend policies, procedures, and a 2018-2019 Action Plan.

The initial workgroup included the following membership:

Spokane County Commissioner Al French
Wahkiakum County Commissioner Blair Brady
Snohomish County Councilmember Brian Sullivan
Pierce County Councilmember Derek Young
Island County Commissioner Helen Price-Johnson
Yakima County Treasurer Ilene Thomson
San Juan County Councilmember Jamie Stephens
Walla Walla County Commissioner Jim Johnson
Thurston County Prosecuting Attorney Jon Tunheim
Jefferson County Commissioner Kate Dean
Mason County Commissioner Kevin Shutty
King County Chief Civil Deputy Kevin Wright
Whitman County Commissioner Michael Largent
Kittitas County Commissioner Paul Jewell
Clallam County Commissioner Randy Johnson
Kitsap County Commissioner Rob Gelder
Benton County Chief Civil Deputy Ryan Brown
Lincoln County Commissioner Scott Hutsell
Douglas County Prosecuting Attorney Steve Clem
Douglas County Auditor Thad Duvall
Stevens County Commissioner Wes McCart

Various staff from King, Pierce, Snohomish, and Spokane Counties participated.
Matt Steuerwalt from Strategic Insight Partners facilitated the SLAC Workgroup.
A Process Subcommittee developed a proposed process for how and when WSAC will utilize legal actions.

A Strategy Subcommittee developed proposed integrated advocacy, communications, and litigation strategy.

Other advocacy groups made presentations on their approach to legal activities, including:
  o Washington Farm Bureau
  o Washington Environmental Council
  o Washington Education Association
  o Association of Washington Business

The SLAC Workgroup made recommendations for consideration by the WSAC Board of Directors and Legislative Steering Committee that were adopted one year later at the May 10 joint meeting at Rosario in San Juan County, including:
  o DRAFT 2019 Legislative Agenda
  o INTERIM Integrated Strategic Legislative Advocacy, Litigation and Communication Program Policy
  o DRAFT Communication and Legal Program 2018-2019 Action Plan

WSAC committed to ensuring that as we developed and implemented the SLAC program (later named Strategic Legal Activities and Communication Program), policy, and any proposed actions, we effectively communicated and engaged the “courthouse family.” We worked to regularly communicate and engage WSAC members and our partner organizations as transparently as possible as program implementation moved forward.

WSACs initial Action Plan contained measures to pursue increased communication and a variety of legal tools, including the potential for litigation.

What was abundantly clear from the discussions leading to the establishment of the SLAC Program was that it was important to members that the Association have a range of tools available to assist counties in accomplishing these goals that county leaders have for their counties:

  • To keep their constituents safe.
  • Provide high-quality services that citizens rely on and
  • Promote strong and vibrant communities.

**Issue**

It has been five years since WSAC initiated the Strategic Legal Activities and Communication Program development. During each WSAC Board of Directors meeting and at our Annual Membership Meeting, SLAC program reports are provided. Legal counsel is present to update on the current status of pending litigation. Recently, some Association members have asked for the opportunity to think about the program. If it is performing how we have intended, met our goals and expectations, are there program changes or modifications to recommend, or is there even a need for the program at all.

A small group of members, including several Executive Committee members, met to discuss the current status and merits of the program and concluded, with staff encouragement, that WSAC should conduct a systematic review of the Strategic Legal Activities and Communication Program. To that end, the WSAC Executive Committee is interested in seeking WSAC Members interested in participating in a SLAC Program Review Committee.
WSAC Staff will work with committee members to design and conduct a program review along with these anticipated parameters:

1. Defined Scope of the Program Review/Evaluation/Audience
2. Quick SWOT – Strengths, Weaknesses, Opportunities, Threats for the Program
3. Identifiable Program Goals/Objective/Process/Outcomes
   i. How have goals been achieved?
   ii. Are there defined outcomes?
   iii. Are the program goals clearly stated and measurable?
   iv. Are there other goals or outcomes that are unstated or can be identified?
   v. Can they be evaluated or measured?
   vi. Is there information or data to collect, and from where?
   vii. Quantitative Analysis
   viii. Qualitative Analysis
   ix. Cost/benefit Analysis
   x. Efficiency and effectiveness
   xi. Program Alternatives

Once completed, the report, conclusions, and recommendations will be presented to the WSAC Board of Directors for consideration and deliberation.

Strategic Legislative Advocacy, Communication and Litigation Program

Recommended 2018-2019 Action Plan

The Washington State Association of Counties will deploy a set of strategies and actions to assure there is an integrated and interwoven approach to:

- Legislative advocacy and government relations;
- Communication; and
- Where appropriate, legal or litigation activities.

These strategies and actions are implemented with the intent to support and advance the Association’s policy agenda.

2019 Legislative Advocacy Recommendation to WSAC Membership

- Request full funding ($300 million a biennium) for indigent defense to ensure constitutional due process for all Washingtonians and to provide fiscal relief for county governments
- Support request (anticipated at $70 million for 2019-2021 biennium) in funding for Foundational Public Health Services
- Resist new unfunded costs associated with proposed legislation or executive or judicial branch rules based on fiscal merits
- Other issues as recommended by the Legislative Steering Committee and approved by WSAC Membership

Communications

- Initiate significant efforts to educate legislators in their communities to support legislative advocacy priorities
- Support potential or actual WSAC legal action by communicating the county fiscal plight and how the legislature continues to fail to provide resources and tools for counties to deliver high quality public services
- Continue to aggressively communicate and highlight that
  - The state regularly imposed mandates without the necessary funds to implement;
  - The state continually shirks its responsibility to provide services and requires counties to provide them instead;
The state forces counties to shift the county taxpayers’ money that fund new state required services and programs while the state keeps its money for its own pet projects.

- Conduct public opinion research to develop key messages for communications work
- Prepare advocacy materials
- Prepare strategy and materials to communicate to Internal, External, and Stakeholders on the progress of the Strategic Legislative Advocacy, Litigation and Communication Program
- Identify and secure resources and tools to assist with expanding WSAC’s Digital Media Presence & Brand Awareness

### Litigation

- Direct the Legal Committee to initiate review of two issues for potential legal action against the State:
  - Challenging the constitutionality of SHB 2887 requiring Spokane County to elect five County Commissioners by District. This legislation violates the uniformity clause of Article XI and creates a precedent for the legislature to impose different requirements on different counties over county objections.
  - Challenge Senate Bill 5472 (Ballot Drop Box Bill) as a violation of RCW 43.135.060, Prohibition of new or extended programs without full reimbursement as a means of getting judicial review of the strength of the unfunded mandate law and signaling to the legislature the strength of our opposition to those unfunded mandates.

- Direct Legal Committee to prepare but not file lawsuit against state for failure to provide indigent defense funding, such that legislative inaction in 2019 could result in litigation in 2020.

- Direct Legal Committee to begin research around additional causes of action, be they administrative rule, statute or constitutional.

### Administration

For the past several years, WSAC members have discussed, explored and implemented activities and strategies to advance our Association’s policy objectives beyond our traditional legislative advocacy approach. During the 2016 Legislative session, for example, WSAC partnered for the first time with an outside communications firm to assist with strategic messaging and communications.

In 2017, WSAC, with the lead of King County, dramatically increased its commitment to strategic communication for targeted legislative advocacy activities. WSAC undertook restructuring internal resources to add an external communication manager to increase our social media presence and support legislative advocacy. WSAC used market research, coordinated editorial board meetings throughout the state, worked with independent elected officials on public safety messaging, took on targeted legislative advocacy, and improved upon partnerships to further leverage and advance our policy goals.

In May, the WSAC Board of Directors and Legislative Steering Committee members directed the WSAC Executive Committee to prepare a preliminary 2018 budget that would allow us to continue our communication activities and implement a litigation program as a method to advance WSAC’s policy goals. The consensus was that WSAC would continue to struggle to accomplish our policy objectives using only traditional legislative advocacy.

After reviewing a number of options, the WSAC Executive Committee recommends to the WSAC Board of Directors a dues supported program to carry out a new WSAC Litigation Advocacy Program and continue the enhanced communication services to support both our legislative and litigation advocacy.

The WSAC Board of Directors is set to review and discuss this proposed investment as part of the overall 2018 WSAC budget during their September 22nd meeting in Kittitas County. This is a significant decision for the Association, and we have prepared the following information for your review in advance of our meeting. We will also be reaching out and communicating with you before the meeting to better understand what your questions and thoughts are on the proposed Litigation Advocacy Program. We ask that you do everything you can to attend the meeting on September 22nd, and in the meantime, please let us know if you have any questions.

Litigation

For the past several years, the WSAC Board of Directors and Legislative Steering Committee have discussed new strategies to advance our policy agenda and assure Washington’s 39 Counties are fiscally sustainable. One such action that has garnered the most discussion and attention is to develop a proactive legal strategy that is integrated with legislative and communication strategies to advance WSAC’s policy agenda. This proposed litigation program includes:

- Coordinating WSAC processes for making litigation decisions;
- Coordinating with WSAC members and partners (WAPA, WACO, etc.);
- Conducting financial and legal research and/or managing research projects to support litigation;
- Submitting amicus briefs on existing cases;
- Coordinating member counties’ participation in litigation;
- WSAC intervention in litigation;
- WSAC serving as lead plaintiff to initiate litigation;
- Managing outside counsel when utilized, and;
- Participating in settlement negotiations.

Our objective is to utilize litigation as a tool to advance WSAC’s policy goals by creating leverage with the legislature and executive branch. In some cases, the legislature and executive branch are only likely to act on WSAC’s specific policy objectives, such as blocking new unfunded mandates or providing adequate funding for indigent defense, under the threat of litigation or after a court mandate. A permanent litigation program within WSAC will make the legislature and state agencies think more carefully about the needs of counties. For this to work, the state must know that WSAC is willing and able to challenge any adverse action or enforce that their action be consistent with established case law.

Legal Strategy

We recommend incrementally increasing WSAC’s involvement in litigation over time between 2017 and 2019, and continuing thereafter by:

- Supporting unfunded mandate litigation on the 2017 ballot box legislation;
- Bringing at least one additional unfunded mandate type lawsuit (potentially to include a challenge to indigent defense funding) or a challenge to a state agency rule making action, late in 2018;
- Researching and developing a potential lawsuit challenging the constitutionality of the legislature’s provision for counties in 2019, and;
- Maintaining these lawsuits and developing others as needed over time.

Costs

There are new and ongoing costs for WSAC to manage and support a new litigation program, including internal staff costs. At the outset, these cases will require fairly intensive research. Most of these cases will likely include some argument about funding county government. This will require unique financial research, potentially even in the forensic accounting field. While we will work closely with counties to garner information, there will be significant coordination effort involved.

WSAC will also incur costs for maintaining lawsuits including: legal research; discovery (interrogatories, depositions, document production); drafting; motions practice; settlement negotiation; expert witnesses; exhibit preparation; courtroom time; court records, appeals; court filing fees; expert witness fees; court reporter fees; copying; and mailing.

Litigation Continued

Costs Continued

The WSAC Litigation Advocacy Program would be integrated with legislative and communications tactics. The program would be implemented by:

1. Hiring a full-time staff attorney for the majority of the legal work. If WSAC need outpaces the capacity of a full-time litigator, outside counsel could be retained with specific member approval;
2. Shifting the responsibilities of the Director of Policy and Legislative Relations/General Counsel out of day-to-day lobbying in order to manage the legal and legislative advocacy activities. The current day-to-day lobbying would be shifted to a new ½ time contract lobbyist, and;
3. Purchasing ½ of the current Research Director’s time that is currently paid by the Washington State Association of County Engineers to focus on supporting litigation.

In 2018 the total cost to implement the litigation strategy described would be $297,000.

Strategic Communications

Staff has identified three strategies that will

• Increase WSAC’s overall brand awareness,
• Create more public awareness of county services, and
• Support an issue specific campaign focused on policy makers and interest groups to advance our policy agenda.

Brand Awareness

Objective: Create more awareness of the WSAC brand throughout the state.

Delivered Value: More awareness of the brand will increase the reputation of WSAC among peer associations, the legislature, and the public.

Approaches: Targeted campaigns on various media platforms about who WSAC is and the importance of county services.

Budget Allocation: $10,000

Public Awareness (“why counties matter”)

Objective: Campaigns focused on what counties do with an emphasis on the county services provided and the role they play in the daily lives of citizens.

Delivered Value: Increase awareness of services provided by counties organizations.

Approaches: Develop informational resources for members to utilize at community events. Create a “counties matter” campaign on various media outlets. Provide more informational videos and online tools for members and the public.

Budget Allocation: $25,000

Issue Specific

Objective: Campaign focused solely on a specific policy issue or in support of WSAC priorities.

Delivered Value: Achieving the predetermined goal.

Approaches: All relevant strategies would be employed depending on what results are desired to be achieved.

Budget Allocation: $65,000

After several years of discussion, the WSAC Membership authorized funding for 2018 to implement a Strategic Litigation and Communication Program (SLAC). The intent of this new program is to build the Association’s capacity to use legal activities in coordination with advocacy and communications, to advance Association policies.

In early 2018, WSAC Members, in partnership with other county elected and appointed officials, worked to provide guidance on both the process for the Association to determine how and when to undertake legal activities, as well as a recommending legislative and communication priorities and what initial legal activities to consider and pursue. Upon the recommendation of this group, the WSAC Board of Directors adopted an interim policy to guide the SLAC program through its early phases of implementation as well as 2018-2019 Action Plan.

WSAC has retained the services of several outside firms to assist in both legal and communication activities.

Legal – WSAC retained the Pacifica Law Group to represent and provide guidance to the Association on the following:

- Challenge Senate Bill 5472 (Ballot Drop Box Bill) as a violation of RCW 43.135.060, Prohibition of new or extended programs without full reimbursement.

- Challenging the constitutionality of SHB 2887 requiring Spokane County to elect five County Commissioners by District. This legislation violates the uniformity clause of Article XI and creates a precedent for the legislature to impose different requirements on different counties over county objections.

- Initial legal review of viability/arguments of a constitutional challenge that the state is failing to meet its constitutional duty to provide indigent defense funding.

- Research and counsel on other potential causes of actions.

Communication – WSAC is currently working with two outside firms to assist with the following items which focus on expanding WSAC’s digital media presence & brand awareness:

- Aligning WSAC’s digital presence and print marketing is essential to brand visibility. These two had become disjointed, and a design firm was brought in to assist with a brand refresh. With this refresh, WSAC will be able to fine-tune its brand and expand its reach using both digital and print media.
Using new branding guidelines, Spry Digital Marketing is contracted to assist with developing a website that easily conveys information and resources for the public, legislators, and WSAC members.

Spry Digital Marketing will also be assisting with building and expanding an online community that understands why counties are important and advocates on their behalf. This work will be part of a 6-month campaign that will begin in December 2018.

Both digital marketing and design firms will develop style guides and resources for WSAC staff to utilize during the 2019 Legislative Session. These resources will assist in maintaining WSAC’s brand across all digital and print media.

2018 Amicus Curie
WSAC submitted or has agreed to submit amicus curiae briefs in the five following cases:

- **Maytown Sand and Gravel v. Thurston County**, regarding whether a permittee can forego an appeal of a special use permit decision and instead pursue a damages action without exhausting administrative remedies. The Supreme Court ruled in August that the Land Use Petition Act’s (LUPA) exhaustion requirement does not bar all tort claims that arise during the land use decision-making process.

- **Community Treasures v. San Juan County**, regarding whether an applicant for a county land use permit who is not satisfied with the amount charged as an application fee must follow the Land Use Petition Act’s administrative process for review, or whether challenge can be brought directly to superior court. The Supreme Court ruled in October that the imposition of a permit application fee falls under the statutory definition of a land use decision under chapter 36.70C RCW (LUPA) and affirmed the lower courts’ decisions that LUPA governed and the failure to file suit within the statutory requirement of 21 days barred the action.

- **End Prison Industrial Complex v. King County**, regarding whether levy lid lift measures can be challenged on non-constitutional grounds years after the proposition is approved by voters and after a county has levied the tax and expended the funds. A joint brief on behalf of WSAC and Washington State Association of Municipal Attorneys (WSAMA) was filed in September and oral arguments were heard by the Supreme Court on October 18, 2018.

- **Thurston County v. City of Olympia**, regarding whether counties may seek reimbursement from cities for a felon’s pretrial medical expenses if the felon was initially arrested by law enforcement officers of the city. The Supreme Court accepted direct review, and the case may be set for the winter docket.

- **Kittitas County v. WSLCB**, challenging LSCB’s determination that it does not need to consider local development regulations when reviewing applications for cannabis licenses. The case will be heard before Division III of the Court of Appeals. WSAMA filed a brief in September.

NACo Steering Committees – Currently, nearly 30 Washington State elected and appointed county officials are serving on NACo Steering Committees and Caucus'. Please contact me if you want to join a NACo Steering Committee or Caucus.

NACo County Elected Executives Forum: – King County will host this annual forum in early December 2022. Elected County Executives from around the nation generally attend this meeting, including County Executives for King, Pierce, Snohomish, and Whatcom counties.

NACo County Leadership Institute
The WSAC Executive Committee nominated a Mason County Commissioner to attend NACo's 18th Annual County Leadership Institute (CLI) to be held June 12-16 in person at NACo's headquarters in Washington, D.C.

Washington Counties Building
The Washington Counties Building is co-owned by the Washington State Association of Counties WSAC and the Washington Association of County Officials (WACO). Washington Association of Prosecuting Attorneys is a tenant.

Oversight of the Washington Counties Building (WCB) is performed by the WSAC Executive Committee and WACO Officers. They generally meet at least two times each year, including to approve an operating budget for the WCB. They also provide guidance on capital improvement projects for the building. Currently, we are exploring building security options and adding EV charging stations. If you would like more information on WCB administration, please contact me.
Courthouse Briefings
WSAC President Stephens and I have started our 2022 Courthouse Briefings sojourn with the intent to get to 22 counties in 2022. Our initial meetings were with Mason, Lewis, Cowlitz, and Wahkiakum counties. Here is a link to the Courthouse Briefing Document that guides our presentation as well as our legislative session report:

SWISS
Five northwest Washington counties came together to form SWISS - Snohomish, Whatcom, Island, San Juan, and Skagit Regional Partnership (SWISS) “to identify and advance shared priorities that will improve the quality of life of the people who live in the region.”

In early 2022, SWISS leaders reached out to WSAC to explore possible services. WSAC and SWISS have agreed on a fee for service scope of work in two program areas:

1. Meeting Management and Coordination
2. Partnership Management and Coalition Building

This work is set to start this month. Travis Dutton will be the primary assigned WSAC Staff member.

NACo Research Foundation (NACoRF)
WSAC has received a $10,000 grant from the NACo Research Foundation (NACoRF) partnership agreement to support statewide and county-based prenatal to three (PN-3) grants. Goals for NACoRF’s PN3 peer learning community for state associations of counties:

- Support and provide continuing education for county leaders who are actively engaged/championing PN-3 efforts in their communities. Options WSAC staff is exploring
  - Virtual Assembly to discuss county programs in the state
  - Considering Keynote speaker – Robin Karr Morse for November to share the importance of PN-3 Programs
  - Breakout sessions at a conference with ACHS and WSALPHO
- Explore best practices and innovative PN-3 strategies among counties and increase their access to national and state reports/toolkits/peer learning experiences on PN-3, and
- Promote useful approaches and strategies for increasing state-local collaboration toward improved PN-3 outcomes.

Braver Angels
For the past several months, I have been exploring with the WSAC Executive Committee about program options with an organization called Braver Angels, whose mission is to “bring Americans together to bridge the partisan divide and strengthen our democratic republic.” For more information on Braver Angels, please view these resources:

i. https://www.braverangelswa.org/
I am starting to work with their partnership coordinator to model an agreement similar to the Minnesota Association of Counties' work. Potential programming opportunities include:

   iii. Introduce the work of Braver Angels at a virtual assembly
   iv. Red/Blue Workshop for LSC or at WSAC conference
   v. Have Braver Angels Co-Founder Bill Doherty as a County Leaders Conference Keynote

Foundational Public Health Services
I continue to participate (along with Jamie Bodden and local health jurisdiction representatives) on the Foundational Public Health Services (FPHS) Steering Committee, providing input and guidance on funding allocation and implementation. It continues to be a priority for WSAC that a basic set of capabilities and programs be present in every community to efficiently and effectively protect public health in Washington.

Timber Fish and Wildlife
Washington State Counties have been an active participant in forest and fish policy for nearly three decades. WSAC is involved at varying levels, including the Cooperative Monitoring, Evaluation, and Research (CMER) Committee, Timber, Fish, and Wildlife Policy Committee, and the Principals Group. Paul Jewell, Court Stanley, and I have re-established robust and ongoing collaborative discussions and solutions. I will continue to play an active leadership role on behalf of Counties and Commissioner Raines (Forest Practices Board), Commissioner Peach, Commissioner Lannen, Court Stanley, Paul Jewell, and other members of the Timber Counties Group.

Executive Committee Calls
The Executive Committee/Executive Director meets virtually every 2nd and 4th Tuesday at 8:00 a.m. This meeting keeps the Executive Committee apprised on current operational, administrative, and policy issues. They are very engaged in knowing where we are as an organization and providing guidance. They have some delegated authority to take action, but most of these meetings are informational. If you have items for the Executive Committee, please do not hesitate to contact one of the Officers or myself.

Public Records Requests
One request was filled pertaining to WSAC staff salaries.

WSAC Membership
Please join me in welcoming new WSAC members:

   • Gov. Jay Inslee appointed Richard Rylander to the vacant District 5 seat on the Clark County Council vacated by the retirement of Eileen Quiring.

WSAC Staff
We have completed the hiring of our last two staff members authorized in the 2022 WSAC Operating Budget:

   Curtis Steinhauer joins the WSAC staff as our General Policy Analyst, most recently serving as the Grays Harbor Housing Program Manager.

   Travis Dutton was appointed as our new Natural Resources Policy Analyst. Travis comes to WSAC from Clark County, where he oversaw solid waste programs.

Please join me in welcoming Curtis and Travis.

WSAC gathered as a 15 member team on April 19th-20th for an in-person facilitated staff workshop focusing on building organizational culture, understanding our organizational values, putting them into practice, and looking at the challenges of having virtual, remote, and in-person workplaces and looking at "big rocks" over the next 6-12 months.

TO: WSAC Board of Directors
FROM: Eric Johnson, WSAC Executive Director
PREPARED BY: Bridget Lockling, Finance, and Administration Director
SUBJECT: Business, Finance, and Operations Report

FINANCE AND ADMINISTRATION
Cash
WSAC ended the first quarter of 2022 with a total cash position of $3,108,333. This is $2.23 million more than the ending cash position of 2021. This is because of the collection of dues payments in the first quarter. Cash is over $1.2 million higher as compared to the end of the first quarter of 2021; this is related to a higher beginning cash balance and the overall increase of budgeted dues. Of this amount, $300,000 is invested in eConnectDirect CDs. Investment earnings in 2021 were not as strong as in 2020 due to lower interest rates. These investments yielded $4,570 in 2021, $10,273 in 2020, $18,026 in 2019, $6,116 in 2018 and $3,350 in 2017.

Liabilities
1st quarter total liabilities are highest this time of year due to booking deferred revenue for annual dues billed in January and not “earned” until the year progresses.

Budget to Actual Activity
The combined All Funds Actual vs. Budget Summary 2022 report shows a positive bottom line of $318,553. The virtual legislative session and some continued reduction in travel resulted in savings. The most significant source of savings was related to staff vacancies. As budgeted, the additional policy analyst positions were not filled in the first quarter. Variances highlighted in the financial report include:

- Payroll and Benefits – The YTD difference is mainly due to the vacancy of 2 positions.
- Meetings & Travel - This item is currently underspent as some meetings have remained virtual. They are expected to trend upward throughout the year now that most Covid restrictions are over.
- Conference and event over expenditures are not related to a specific event, but rather this category contains our credit card fees, which were substantially higher from some counties paying dues through a virtual card program.
- Contract Services – This category is currently underspent related to the timing of litigation activity not being as high in the first quarter. State contract spending is on target.

2022 Dues
The 2022 dues billings were sent out the 2nd week of January. We have received most dues payments. Reminder statements will be sent out by the end of the month for any outstanding invoices.

Current tracking information is as follows:

Dues
General Dues – 95% collected (2 counties remaining)
Transportation Dues – 100% collected
Public Lands Dues – 92% collected (3 counties remaining)
Human Services Dues – 95% collected (2 counties remaining)
Litigation & Communication Dues – 95% collected (2 counties remaining)
Solid Waste Dues – 92% collected (3 counties remaining)
Regional Planners – 95% collected (2 counties remaining)

Special Assessments
Coastal Counties Special Assessment – 86% collected (2 counties remaining)
Blake Litigation – 92% collected (3 counties remaining)
ARPA Assessment – 92% collected (3 counties remaining)

2022 Audit, Investment & Finance Committee
According to the WSAC Bylaws, the Audit, Investment, and Finance Committee is set up to assist the Board of Directors in fulfilling its fiduciary, financial, investment, and compliance oversight responsibilities as defined in the Audit, Investment, and Finance Committee Charter. The committee helped to select a new audit firm. Johnson, Stone, & Pagano will now conduct annual audits and tax filings.

Activity for the Audit, Investment and Finance Committee in 2022 includes involvement in the 2020-2021 financials audit.

Investment Funds
With the higher cash balance at year-end, we elected to move $200,000 to a 3-year CD account at 1% earnings. Our other 2-year CD of $100,000 matured in March and was rolled over into a one-year CD with a 1.15% interest rate. We will explore additional CD investments mid-summer to maximize our returns.

COMMUNICATIONS AND MEMBER SERVICES

Meetings & Events
Virtual, Hybrid, and In-Person Events
WSAC continues to provide conference planning support to several affiliate organizations. We did not seek to bid on continuing conference services to WSACA and lost our bid to ACCIS in 2022, so our conference load is lighter than in years past. Covid-19 considerations remain a factor in the delivery of conferences, which present several challenges for our groups.

Below you will find the current list of events WSAC staff will support in 2022:

- WSALPHO Public Health Retreat | April 11-13 | Skamania County | In-Person (Completed)
- WCAA Annual Conference | April 13-15 | Chelan County | In-Person (Completed)
- WSACE Annual Conference | June 6-9, 2022 | Chelan County | In-Person
- WACSWM Annual Conference | June 13-15, 2022 | Kittitas County | In-Person
- WSALPHO Summer Meeting | June 6-8, 2022 | Chelan County | In-Person
- WSALPHO Environmental Public Health Meeting | Oct 11-13, 2022 | Chelan County | Hybrid
- County Leaders Conference | November 15-17, 2022 | King County | In-Person

Marketing and Social Media
The WSAC social media channels participated in National County Government Month (NCGM) during April and launched a new campaign, #WanderCounties. WSAC sent out #WanderCounties marketing material, including window clings, decals, and native to Washington wildflower seed packets to all 39 counties. While NCGM has concluded, the Wnder campaign will continue throughout the year. Counties are encouraged to participate in demonstrating the services that their counties offer and sharing the unique beauty of their region.

Business Partners
The Business Partner program underwent a revitalization to create a cohesive menu of offerings for our participating partners. A newly streamlined application and contract tracking process throughout the year will now be utilized for improved transparency, communication, and administration.
County Development Institute of Washington (CDIW)

Multiple new County Development Institute courses have been released this year, including Risk Management for Counties, Authentic Leadership, and Media Relations & Communications. An Employment Law course has been recorded and is currently in production with a planned release date in early June. Once released, all but the final course of the Certified Public Official (CPO) Certificate will be available. Non-CPO-related materials are now in production. The first class of Water 101 has been recorded, while Timber 101 and Public Health are in preproduction phases; all will offer general subject education to elected officials and staff. The Learning section of the WSAC website is also in its initial stage of being updated to become a more accessible training tool for students and the general public.

Job Board

At the beginning of March, we successfully did a soft launch of the Job Board website with a limited group. As of May 1, we have over 30 employers registered throughout the state and over 25 job listings on the website. At the end of April, we sent out a survey to employers to help us identify any issues or features that could make it a more valuable resource. We plan to transition to a paid platform for employers towards the beginning of July. We are currently working on a marketing strategy for prospective job seekers.

Hybrid Technology

We are excited with the initial performance of our new hybrid technology meeting kit that has been built in-house from the ground up specifically for the unique needs of WSAC for a very modest cost. It allows staff members from any technical skill level to conduct high-quality hybrid meetings for 24+ attendees on the road with an easy, intuitive, and lightweight kit that requires minimal setup and monitoring.

Data Management

Collaborative research is now underway to find and implement Association Management Software for member data management and a Graphical Information System (GIS) solution for public display and integration. While this project is in its infancy, there are now monthly discovery meetings to ensure that staff can receive and provide input on the organization’s data needs.

SUBJECT: Policy & Legislative Report

The 60-day legislative session, which adjourned sine die on March 10, was challenging this year. It was the second year in a remote-only format and tackled issues substantively more appropriate for the 105-day session in the first year of a biennium. The self-imposed limitations on bill introductions in 2021 were nowhere to be seen this year. While the Legislature only passed 340 bills in 2021’s 105-day session, they still passed just over 300 bills this year - less than the historical average but high for a Zoom-based short session full of weighty topics.

Sixty-day sessions in the second year of the biennium are designed to supplement the initial 105-day session, addressing necessary caseload and budget adjustments. However, this year, the Legislature passed a $64 billion operating budget, which was $2 billion more than what the Governor proposed and a full $5 billion more than the budget they passed just one year ago.

In addition to passing a historically sizeable operating budget, the Legislature did one other thing no one expected them to – they managed to pass a $17 billion, 16-year transportation package. The so-called Move, Ahead WA package invests heavily in ferries, new and existing projects, state fish barrier removal, transit, preservation, maintenance, etc. It allocates $80 million over the 16 years to the County Road Administration Board for local preservation.

Overall, the 2022 legislative session was relatively successful for water, land use, environment, timber, and solid waste policy. This year was likely the most robust for GMA and land use in decades.

As part of the FY 22-23 Operating Budget, the governmental public health system received an additional $147 million for Foundational Public Health Services (FPHS), with $49 million of this appropriation distributed in FY 23.

Exactly two months post sine die, WSAC staff remains as busy as ever. Beyond the significant achievement that is the completion of any legislative session, WSAC policy staff have accomplished the following:

**Progress Toward Implementing WSAC’s 2022-2023 Strategic Plan – Policy Analyst Positions Filled**

- The two policy analyst positions authorized in last year’s budget proposal were filled, and our new staff shared April 18 as their first day on the job.
  - Previously, the Housing Program Coordinator for Grays Harbor County, Curtis Steinhauer accepted the position as a general policy analyst and is rapidly coming up to speed on the American Rescue Plan Act as one of his core responsibilities.
  - Travis Dutton, formerly the Solid Waste Program Manager for Clark County Public Health, joined WSAC as a natural resources policy analyst.
- These two positions will assist WSAC with Strategic Focus #4 – Build Capacity for Data Collection, Tracking, Policy and Data Analysis, and Sharing.
Engagement with Other Associations, Affiliates, and Interested Parties

- Weekly meetings during the legislative session with single county and contract lobbyists, along with the Washington Association of County Officials (WACO), Washington Association of Prosecuting Attorneys (WAPA), Washington Association of Sheriffs, and Police Chiefs (WASPC). Regular, unscheduled conversations during the interim as needs arise.
- Weekly legislative updates for the Washington Association of County Solid Waste Managers (WACSWM) and Washington State Association of County and Regional Planning Directors (WSACRP).
- The creation of bill-and-budget-specific coalitions during the legislative session.
- Regular meetings with the contract lobbyist representative of the Public Works Board, during session and after that.
- Meetings with WACO, Association of Washington Cities (AWC), and WASPC regarding the state of the Local Government Fiscal Note (LGFN) process and unfunded mandates.
- There are semi-regular meetings with representatives of other local government associations, including certain particular purpose districts (quarterly outside of the legislative session, more often during the session as needed).
- Post-session coordination with the Municipal Research Services Center (MRSC).
- Bi-monthly Zoom-based discussions with the Washington County Administrators Association (WCAA).
- Post-session presentations to various entities.
- We are meeting with the Washington Technology Industry Association regarding broadband.
- 2022 Washington State Association of County Engineers (WSACE) Annual Conference planning and preparation.
- Numerous WSACE-related Board and staff meetings.
- Regular discussions with County Road Administration Board (CRAB) director.
- We meet with the AWC counterpart and others on the American Rescue Plan Act (ARPA).
- The Washington State Association of Local Public Health Officials (WSALPHO) hosted a local public health retreat in April and is now focusing on its June summer conference.
- WSALPHO has been working on mapping out a local-system workforce development plan, including partnering with the Washington State Public Health Association (WSPHA) and others.
- WSALPHO continues to work with the Department of Health, the Governor’s office, federal partners, and others on COVID efforts, including pandemic response and funding.
- The FPHS steering committee is finalizing FY 23 concurrence in May.
- Continued engagement with ACHS and related workgroups.
- Work with the Prenatal-to-Three (PN-3) Peer Learning Community, part of the National Association of Counties (NACo)’s Counties for Kids program.
- Meetings with various public safety and health workgroups and committees, such as the Re-entry Work Group, Provider Rates Committee, Sex Offender Policy Board, 5790 implementation group (school to work), Court Recovery Task Force, and Juvenile Justice Detention Alternatives Initiative (JDAI).

Engagement with the State Branches of Government and State Agencies

- Meetings with Department of Commerce (Commerce) staff regarding how to improve the Local Government Fiscal Note process and results.
- Continued discussion with governor staff regarding when to rescind the PRA/OPMA emergency proclamation.
- Bi-monthly meetings with the Office of Financial Management (OFM) and governor policy staff cover various issues.
- We are meeting with the new state broadband office director and local government director at Commerce.
- Meetings with transportation-related agencies regarding regulatory challenges, such as the Dept. of Ecology’s (DOE) renewal of the 2017 Bridge and Ferry Terming Washing Permit.
- Presentation to the Washington State Transportation Commission and Joint Transportation Committee regarding the state/local split for Bipartisan Infrastructure Law funds.
- Engagement with the Capital Projects Advisory Review Board, Fish Barrier Removal Board, UTC’s Rail State Action Plan, Washington State Highway Systems Plan Update, Pedestrian and Bicycle Program (PBP) and Safe Routes to School Program (SRTS) Update, and the State Transportation Innovation Council (STIC).
• The project management contract for DOE to do a feasibility study on soil banks.
• Participation in the GMA Roadmap Phase III project.
• Participation in the Dept. of Natural Resources (DNR) adaptive management program meetings.
• Work with Commerce on strategies for local governments to address climate change, implementation of HB 1220 from 2021, and the Low Carbon Siting Advisory Board.
• WSALPHO engagement with the State Board of Health rulemaking and the Technical Advisory Group for immunization.
• Continued engagement with the Administrative Office of the Courts (AOC) and others regarding implementing the Blake decision.
• We are meeting with the University of Washington regarding a survey of the 1/10th tax for mental health and developmental disabilities.

**WSAC Specific Endeavors**

• Weekly meetings with the WSAC Legislative Steering Committee (LSC) during the legislative session.
• Two optional legislative trainings for LSC members.
• Weekly topic-specific blog posts during the legislative session.
• Development of multiple reports throughout the legislative session and the End of Session Report.
• Procurement of guests for Monday Virtual Assemblies.
• Successful onboarding of the new policy analysts, including their participation in WSAC’s recent staff retreat.
• Meetings with attorneys for represented counties in the opioids litigation and discussion with the non-represented counties regarding a potential memorandum of understanding regarding settlement terms.
• Attendance at Tax Structure Work Group meetings and related discussions with Representative Frame (co-chair).
• Discussions regarding how to operationalize portions of the Strategic Plan.
• We are planning for the development of the 2023 legislative agenda.
• Fielding ARPA questions.
• We are beginning the development of a data repository/library to assist in developing and supporting WSAC’s legislative agenda and improvements to local government fiscal notes.
• Two Timber Caucus meetings in March.
OUR VISION
Healthy, safe, vibrant counties across Washington State.

OUR MISSION
To be a voice for Washington State’s 39 counties through advocacy, education, programs, services, and collaboration.

OUR VALUES
Leadership
We are the go-to organization for counties in Washington State. We seek to boldly represent counties as they build strong communities. We endeavor, whenever possible, to collaborate to advance our mission.

Integrity
We build and establish strong foundations of trust and credibility in order to work together effectively and be a valued partner for counties.
Ethics
We seek to make decisions that show respect for each other and our communities.

Trust
We trust each other’s good intentions and seek to understand diverse positions in order to support each other.

Collaboration
We strive to strengthen our collective voice by being inclusive of and acknowledging diverse ideas, solutions, viewpoints, interests, and perspectives. When working together to advance our mission, we focus on solutions that strengthen the “whole.” We focus on areas where collaboration and concurrence are most possible.

Financial Stability
We manage the organization responsibly and efficiently. We focus on building the resources needed to fulfill the mission and ensure the value of the organization is sustainable.

Vision
We keep our vision at the forefront of everything we do to remain proactive in our work. It is paramount that we remember who we serve.
Respect
We work to earn each other’s respect and value each other’s efforts. We seek to listen, understand, and assume positive intentions.

2022 WSAC Goals and Objectives

i. Increase and Strengthen Member Engagement
ii. Support and Enhance WSAC Engagement with Affiliate Organizations and External Partners
iii. Ensure WSACs’ Financial Stability and Sustainability
iv. Build Capacity for Data Collection, Tracking, Policy and Data Analysis, and Sharing
v. Effective Staff Retention Strategies
STRATEGIC FOCUS #1: INCREASE AND STRENGTHEN MEMBER ENGAGEMENT IN WSAC

GOALS & OBJECTIVES

A. County officials acknowledge the value of membership in WSAC.
   1. Increase the number of counties who have all Commissioners/Councilmembers participating in at least one or more WSAC activities.
   2. Increase repeat attendance in activities and events.

B. New WSAC members are intentionally integrated into WSAC programs, services, committees and activities.
   1. 100% Participation in Newly Elected Officials Training.
   2. Increase participation in County Development Institute.
   3. Increase percentage of new members who continue regular participation with WSAC.
   4. Increase new member satisfaction of orientation and inclusion.

C. WSAC offers substantial opportunities for member networking, relationship building, collaborations, and ongoing learning.
   1. Increase numbers/variety of networking and training opportunities.
   2. Increase attendance and participation in networking and training opportunities.

STRATEGIC FOCUS #2: SUPPORT AND ENHANCE WSAC ENGAGEMENT WITH AFFILIATE ORGANIZATIONS AND EXTERNAL PARTNERS

GOALS & OBJECTIVES

A. There are clear paths of communication and engagement with state agencies.
   1. Develop collaboration and cooperation agreements, memorandum of understandings, that reflect the important partnership between county government, the State of Washington, other organizations and associations.
   2. Complete and implement the Ruckelshaus Center’s County/Health Care Authority Communication Framework
B. There are strong, supportive connections between and among WSAC members and affiliate organizations.
   1. Increase in awareness about the roles of affiliate organizations among WSAC and affiliate members.
   2. 100% of affiliate organizations are integrated into WSAC’s organizational structure by 2023.
C. WSAC regularly engages with external partners, groups, and committees to engage in creating a unified voice and developing solutions for shared interests.
   1. Identify external partners to develop shared policy agendas with.

STRATEGIC FOCUS #3: ENSURE WSAC’s FINANCIAL STABILITY AND SUSTAINABILITY

GOALS & OBJECTIVES

A. WSAC’s financial resources support and align with the advancement of the mission.
   1. 100% of Washington’s counties are “Active Members” as provided for in WSAC Bylaws
      ▪ Pay all Dues
      ▪ Pay all Assessments

B. WSAC’s administration, programs, and services are supported by a variety of funding sources that reduce dependence on a single source.
   1. Increase the portion of the annual budget made up of non-dues revenue.
   2. Increase the percentage of programs that have more than one fund source.
